## Goldwater 'No' Vote Could Win Dixie, Says Democrat

### Bankers Called Too Cautious In Peninsula

MARQUETTE (AP) — Upper Michigan bankers found themselves under verbal attack from their businessmen - neighbors Thursday at Gov. George W. Romney's Conference on Economic Opportunity in the Upper Peninsula.

The climax of the unique two-day conference came as Romney put into channels a Menominee manufacturer's idea for sharing the financial risk in new or young industries.

Jack Christensen, president of R. J. Enstrom Corp., used a breakfast meeting with Romney to propose that a Small Business Investment Corporation (SBIC) be set up to provide financing which U.P. bankers, he said, cannot or will not provide.

Loan Limits Low  
Almost immediately, Romney brought Bernard Conboy, State Economic Expansion Department director, in on the discussion. Marquette banks were approached with the idea, and Securities Commissioner Lenon Sculthorpe pledged his support for it.

Bankers at the conference seemed receptive to the idea that the 28 U.P. banks, and established firms with U.P. investments, pool their resources in an SBIC-type fund for high-risk ventures.

A panel on manufacturing-one of a half dozen topical workshops held at Northern Michigan University Thursday - left the U.P. bankers painted as stragglers in the community effort to bring the peninsula back to prosperity.

"Too many of our banks have grown old," said J.R. Brisson, president of LoDal, Inc., a garbage truck manufacturer of Norway, Mich.

"They have relatively low loan limits, and if you're growing fast you'll get beyond these limits quickly. They tend to wait until a guy has solved all his problems and gotten a business on a sound equity basis before they'll get into financing him."

Doing What They Can  
Christensen, who sat on the panel with Brisson, said Enstrom is having trouble getting operating capital from banks, after spending \$1 million developing what the firm believes is the fastest, least expensive three-place helicopter on the market.

Four years ago—at the end of a decade in which the peninsula lost 14,000 jobs in a economic decline—residents of Menominee and Marinette, Wis., invested personal savings to establish the

### President Sends Birthday Wire To Prentiss Brown

ST. IGNACE (AP) — A telegram from President Lyndon B. Johnson highlighted the 75th birthday celebration of Prentiss M. Brown, chairman of the Mackinac Bridge Authority, at his home here Thursday.

Brown, who is making arrangements for a \$10 a plate dinner in Detroit June 26 honoring the President, received this telegram:

"On the occasion of your 75th birthday I am delighted to join your many friends and associates in extending to you heartiest greetings and congratulations. I am especially pleased to have this occasion to applaud your many outstanding contributions to our national welfare. Yours has been a productive and full life both in business leadership and public service. For the years ahead I wish you joy and satisfaction."

Brown also received greetings from former associates in the U.S. Senate. He was honored at a public reception in the La Salle High School Building Thursday night.

### Job Of Mapping State Districts Tackled Again

LANSING (AP) — Michigan's Legislative Apportionment Commission picks up today where it left off on the morning of Feb. 1, as it tries again to agree on how to divide the state into legislative districts.

The eight-member, bi-partisan commission, ordered by the Michigan Supreme Court to try again, was to meet in Secretary of State James Hare's office at 11 a.m. and — hopefully — is to come up with an agreement within the next six hours.

The four Republicans met late into the night Thursday as they grappled with the relatively new task of drawing up districts on a "one man-one vote" — or strict population — basis. Six decisions by the U.S. Supreme Court Monday held that both houses of a state legislature had to be districted on a population basis.

Deadlock Predicted  
Predictions here, however, were that the commission will end up the way it did shortly after it passed its Jan. 31 midnight deadline — deadlocked.

With four members in each party, the commission has a built-in deadlock. In addition, Republican co-chairman Wilber Brucker has said the commission can make headway if the Democrats do not insist on the two most recent plans they submitted to the Michigan Supreme Court.

Democratic co-chairman Richard Austin, co-author of both plans, said it would be "unwise to say I will insist on anything," but added the Democrats are "satisfied" with the plans they already have drawn.

Democrats reportedly met briefly Friday, but Austin said they would not need as much advance work as the Republicans, since they already have

### Arizona Solon Opposes Parts Of Rights Bill

WASHINGTON (AP) — Sen. Barry Goldwater's decision to vote against the civil rights bill has triggered a warning from Pennsylvania Gov. William W. Scranton that it means the senator would be unable to defeat President Johnson next November.

But a Southern Democrat, Sen. Allen J. Ellender of Louisiana, says that if Goldwater, front-runner for the GOP nomination, votes against the measure, he could carry the South against the President.

Their reactions came shortly after Goldwater had told the Senate late Thursday he is "unalterably opposed to discrimination of any sort" but is opposed to the bill because two sections of it "fly in the face of the Constitution."

Threat To Freedoms  
He said he feels these two sections — the public accommodations and equal employment titles — are a threat to individual freedoms.

Goldwater is known to feel that the reaction to his decision might knock out of his column some of his Republican National Convention delegates.

But the Arizona senator insisted Thursday he had voted as a matter of principle, not of political expediency.

One possible effect: To underscore the differences between Goldwater and Scranton who is his 11th hour challenger for the nomination.

Scranton quickly sought to turn the Goldwater decision into ammunition for his own crusade. In declaring it means Goldwater cannot defeat Johnson next November, Scranton said, "The overwhelming majority of people in America favor the civil rights bill."

GOP Needs South

Sens. Kenneth B. Keating and Jacob K. Javits of New York, foes of Goldwater's bid for the nomination, both criticized the senator.

But Ellender said, "If he votes against this bill he is going to give the President a tough battle."

Goldwater himself has said the Republicans need the South to win this year.

Goldwater announced his civil rights vote after telling former President Dwight D. Eisenhower about it in a secret flying visit to Gettysburg, Pa.

"We had a general discussion for about an hour," he said back in Washington.

MOVE DENOUNCED

LANSING (AP) — Michigan Gov. George W. Romney today criticized Arizona Sen. Barry Goldwater's announced intention to vote against the civil rights bill when the roll call is taken in the Senate.

Romney, who previously had indicated dissatisfaction with Goldwater as a possible Republican presidential candidate, thus joined Pennsylvania Gov. William Scranton in denouncing Goldwater's move.

Romney told newsmen:

"A 'no' vote on civil rights certainly indicates Goldwater's views in this vital area are not in accord with the sentiment of the majority of the public, the majority of Republicans, the majority of the Congress, Republican platforms for some time, or our Republican heritage."

Romney said Goldwater's opposition to the civil rights bill seriously weakens his strength as a Republican candidate "in the heritage of Lincoln."

"Lincoln," he said, "gave us the heritage of standing for full human rights for all."

Scranton, who is seeking the GOP presidential nod himself, also has expressed the view that Goldwater's position could do the Republican cause no good.

Romney said Goldwater's position might be attractive as a presidential candidate to those who oppose civil rights in the south and in some areas of the north.

"But any political strategy based on taking advantage of the civil rights backlash would harm our country immediately and harm our party in the long run," the governor said.

### Hornet's Nest Stirred Up By Aid Program

WASHINGTON (AP) — President Johnson's reported insistence that Congress give him every dollar of the \$3.5 billion he wants for the foreign-aid program is stirring up a hornet's nest in the House Appropriations Committee.

The present outlook is that the President will win, or come close to victory, when an 11-member subcommittee sits down next week to make the initial money decisions.

The subcommittee, headed by Rep. Otto E. Passman, D-La., has a history of cutting the aid program. Passman claiming that during his nine years as chairman the cuts have exceeded \$8 billion. The House usually sustains Passman's recommendations after they clear the 50-member parent Appropriations Committee.

While Passman and his colleagues have refrained from publicly discussing the controversy, Passman reportedly wants a cut this year of at least \$500 million, all of it in economic assistance funds.

The subcommittee is sharply split over whether to uphold Passman or the President.

Passman's difficulty with the subcommittee this year stems in part from the recent death of Rep. Clarence Cannon, Missouri Democrat who headed the full committee and usually supported Passman. Cannon was persuasive with other subcommittee members.

The new chairman of the parent committee is Rep. George H. Mahon, D-Tex., a foreign aid supporter and a close personal friend of the President. Mahon has power to shuffle subcommittee assignments, a maneuver resorted to on occasion by Cannon to punish balky members.

"The chairman has made no threats or even suggestions of them," a committee member said. "But he does not favor deep cuts in the program."

### President Visits California Today

SAN FRANCISCO (AP) — California Democrats greet President Johnson today in unity, the scars of a bitter party primary healed in an effort to deliver the nation's most populous state to him in November.

As the president heads into a weekend tour, the familiar figure of his former White House press secretary, Pierre Salinger, will be up front with state leaders saying hello. Salinger defeated State Controller Alan Cranston for the Democratic senatorial nomination June 2.

Johnson's first stop was top-secret Edwards Air Force Base in Southern California desert country. Next in line was a plane hop to San Francisco, then a helicopter jaunt across San Francisco Bay.

At Concord, the chief executive was to break ground for the country's pioneer rapid transit system, a \$792-million project linking San Francisco and urban areas across the bay.

On tap for tonight was a \$100-a-plate party "Salute to President Johnson" dinner.

Saturday morning, Johnson will go on to Southern California.

### Second Quake Rocks Niigata

NIIGATA, Japan (AP) — Another earthquake rocked this northern port city tonight as it struggled with the aftermath of Tuesday's quake—Japan's most violent in 40 years.

Buildings already weakened on Tuesday suffered damage. But there were no immediate reports of new deaths or injuries.

U.S. Air Force planes parachuted another 14 tons of fire-fighting chemical foam to Niigata's weary firemen at dusk. A pilot said a block-square storage tank complex on the waterfront was still burning fiercely, shooting flames 300 to 400 feet into the air, as his plane made a pass over the stricken city.

A few minutes before the new quake, Niigata's fire chief said the fire was being contained in the ocean-front refinery area where more than 90 storage tanks went up in flames after Tuesday's quake.

The quake ripped across an 11 - prefecture area, killing a known total of 25, injuring more than 400, and leaving thousands homeless.

(Please Turn to Page 3, Col. 6)

### Danes To Push Soviet Trade

COPENHAGEN, Denmark (AP) — Premier Jens Otto Krag said today he and Soviet Premier Khrushchev have agreed on expansion of Soviet - Danish trade, but remain divided on all main issues of international politics.

Khrushchev and Krag met for nearly two hours at the Danish Foreign Office in their second round of talks of the Soviet leader's goodwill visit.

Khrushchev looked happy and traded quips with newsmen. A reporter asked him to answer just one question.

"What is one question to the chairman of the Council of Ministers of the Soviet Union?" Khrushchev laughingly replied. "Formulate 50 questions and I would give you 100 answers."

Krag did most of the talking about their conference.

Speaking of world political issues, the government chief of this North Atlantic alliance nation told newsmen, "We could not agree."

"But we exchanged views and explained each other's position," he said.

Krag said Soviet-Danish committees appointed Tuesday to study trade and economic questions nearly have finished their work. A communique will say that Denmark and the Soviet Union have agreed on trade expansion, he said, without mentioning monetary values. Danish exports are to include ships and farm produce.

### Lodge Won't Be Back For July GOP Convention

WASHINGTON (AP) — Ambassador Henry Cabot Lodge has written from Saigon that he will not return to the United States in time for the Republican convention in mid-July.

The man he wrote to is Robert R. Mullen, national coordinator of the Committee to Draft Lodge for the GOP Nomination, who said Thursday, "I had urged him to come home and work for himself and he said he just couldn't. I had offered him nothing but blood, sweat and tears, and he replied that was all he had in Saigon."

### Farm Production Lagging In Cuba

HAVANA (AP) — Cuba's land reform chief draws a bleak picture of farm production under the Castro regime, but he claims most pressing agricultural problems will be solved by 1966.

This will entail major changes in the organization of agriculture introduced after Fidel Castro came to power in 1959 and partial mechanization of the sugar harvest with 100 Soviet cane cutters.

Carlos Rafael Rodriguez, president of the National Agrarian Reform Institute, revealed contemplated changes in farm methods — and the reasons for them — in an interview.

Aiming For 1970

In two years, Rodriguez said, with nagging problems out of the way, "we'll be in full development which will enable us to achieve our goal of a 10-million-ton sugar crop in 1970."

Rodriguez, a member of the Cuban Communist hierarchy long before Castro won power, declined to comment on the outlook for the current sugar harvest. Castro has classified production top secret.

Western and Eastern European sources here speculate the crop will be somewhat above last year's reported 3.8 million tons. U.S. forecasters in Washington have predicted a drop to

3.3 million tons, less than half the 1960-61 output.

A thorough overhaul of Cuba's farming organization is planned by the end of this year, Rodriguez said. An immediate objective will be decentralization of day-to-day control.

Units Consolidated

"We have found it is not possible to run agriculture from Havana," said Rodriguez.

Already under way is the consolidation of some 800 state farms into 60 production units of 250,000 to 500,000 acres each.

The consolidated units will specialize in particular crops. Rodriguez said their managers will have autonomy in the daily handling of their regions but will operate under plans and goals prepared at the national level.

Rodriguez revealed these 1963 production figures have not been going well down on the farms:

Rice — 408 million pounds compared with 670.7 million in 1960.

Potatoes — 171.6 million pounds compared with 211.8 millions in 1960.

Tomatoes — 184.8 million pounds against 192.5 million in 1960.

Cotton — 21.4 million pounds compared with 30.4 million in 1961.

### Runaways Tell Of Plot To Kill Chicago Couple

CHICAGO (AP) — Police said Thursday two teen - age runaways told them that they and a third boy had planned to kill an elderly Chicago contractor and his wife with two golf clubs and a baseball bat.

Detective Leonard Peterson said the three youths, aged 13, 15 and 18, had planned to slay the couple this week in their isolated summer home at Fife Lake in Traverse County, Michigan.

But Michigan State Police arrested them on charges of stealing a car in Chicago before they could try to carry out their plans, Peterson said.

The 18-year-old Horst Schmeltz, a next-door neighbor of the Chicago couple, Elmer and Florence Zander, was detained in the Traverse City jail, while the two juveniles were returned to Chicago. The two boys are being held at a juvenile home.

Move Into Home

When questioned by detectives Peterson and Joseph Bongiorno Thursday the two younger boys gave this story, the officers said:

Schmeltz had done odd jobs for Zander and his wife, who are in their 70s, and somehow managed to obtain the key to their home. When the Zanders moved to Michigan the boys moved into the Zander home and began writing checks on Mrs. Zander's \$150,000 account.

Then, the 15-year-old said, Schmeltz conceived the plan to kill the Zanders to cover up their forgeries.

The boy said Schmeltz offered him \$2,000 for his participation. The 13-year-old said Schmeltz offered him \$500 and Schmeltz's 1961 sports car.

The two boys said Schmeltz instructed the 13-year-old to hit the couple with the baseball bat. The other two would stand by with the golf clubs. Then the 15-year-old was to drench the bodies with gasoline, burn and bury them.

Frightened Away

Police Lt. John Glas said the boys drove to Michigan three times in their attempt to kill the couple. The first time was to examine the surroundings.

The second time, Lt. Glas said, the boys lay in wait inside the cabin but were frightened away when the couple drove up with the caretaker.

The third time apparently was not quite right either, Glas said, but the boys stole the Zander car hoping to strand them at the cabin.

Glas said they planned to return later to kill the couple. But he said, Michigan State Police were notified by the owner of the motel in which the boys were staying that they appeared suspicious. When the police questioned them they found they were driving a stolen automobile from Chicago, Glas said.

### Civil Rights Bill Passage Assured

WASHINGTON (AP) — Ending its long historic debate, the Senate is expected to pass the civil rights bill by nightfall today.

The House is poised to start action on it immediately so that it can be in President Johnson's hands by July 4.

Senate leaders said a survey showed about four hours of speeches are left and estimated this would mean final passage by 6 p.m.

All 100 senators are expected to be on hand, including ailing Sen. Clair Engle, D-Calif. It was predicted that 75 or more would vote for passage.

"I'm hoping for 77 or 78," said Sen. Hubert H. Humphrey, D-Minn., the bill's floor manager.

Senators Switch

The leaders obtained 71 votes to impose the debate-limiting cloture last week. But some of the 29 senators who were against cloture have announced they will be in the "aye" column today.

The House scheduled a session today so it could be ready to receive the bill back from the Senate as soon as the vote is taken.

House leaders said they even would meet Saturday if necessary should Senate action come too late.

Southern House members already have announced they will force the bill into the Rules Committee, presided over by veteran Howard W. Smith, D-Va., an opponent of the civil rights bill.

It will take a number of days to pry the bill out of that group if Smith balks at prompt action, and House leaders want the time to begin running as soon as possible.

House Accepts Changes

The Senate has adopted more than 100 amendments to the

### Police Rout Man With Tear Gas In Grand Rapids

GRAND RAPIDS (AP) — Tear gas and a force of some 20 police officers flushed Emmitt Pruitt, 36, from a home in which he barricaded himself against arrest Thursday.

Officers had come to the home with a warrant charging him with felonious assault.

The officers called for help. It brought fellow policemen to surround the house. About 100 spectators watched from across the street.

At one point, police said, Pruitt hurled something through the large front window, the crashing glass sent spectators scrambling for cover.

After repeated calls through a loudspeaker for Pruitt to come out went ignored, three tear gas cartridges were fired into the home. Pruitt managed to stay inside about 15 minutes more but burst through the back door unarmed, coughing and with eyes streaming.

### Today's Chuckle

Civilization is the condition in which one generation pays the last generation's debt by issuing bonds for the next generation to pay.

# Chicagoan Dies On Fishing Trip

Rudolph Gruber, 65, of Chicago died around noon Thursday of a heart attack while fishing in Little Bay de Noc at Rapid River. Gruber and his wife, Myrtle, 67, had left Sterling's Resort in Rapid River to go fishing about 7 a. m.

Harold Sterling, owner of the resort, told State Police and Delta County Sheriff's Department that the Grubers had been coming to his resort for the last five years. They usually left to fish early in the morning and always returned by noon. When they had not returned by about 6 p. m. he called for assistance.

Sheriff's officers and State Police began to search the shoreline of Little Bay de Noc and about 8 p. m. Albert Wickham of Rapid River reported that he spotted a boat at the mouth of the Tacooch River.

Sheriff Deputy Albert Wiles and Robert Short of Rapid River pulled the boat ashore about 8:15 p. m. and found the body of Mr. Gruber with Mrs. Gruber lying unconscious.

When Mrs. Gruber was revived she said that they were fishing approximately two miles from the mouth of the river. About 12:15 p. m. Mr. Gruber said he felt sick and fell unconscious. She didn't know how to operate the boat motor so she started rowing and became exhausted.

Mrs. Gruber said she waved her hat at people on shore to get their attention but they didn't see her. She laid down in the boat to get out of the wind and the boat apparently drifted ashore.

Medical examiner Dr. Otto Hult of Gladstone stated that Gruber's death was caused by coronary thrombosis.

Mrs. Gruber was taken to St. Francis Hospital for treatment of exhaustion and shock. She is reported in fair condition today. Mr. Gruber's body was taken to the Kelley Funeral Home.

## Rev. Kallio Is Ordained Sunday In Chatham Rite

John M. Kallio, 24, son of Matt Kallio of Chatham, and a nephew of the late Emil Kallio of Wells, was ordained into the ministry of the Lutheran Church, Missouri Synod, at special services held at St. John Lutheran Church, Chatham, Sunday evening.

Officiating was the Rev. J. William Lippola, pastor of St. John Lutheran of Marquette and the sermon was given by the Rev. Harold Linn, pastor of the Chatham Church.

Born in Forest Lake, the Rev. Kallio was graduated from Eben High School in 1958 and studied at Northern Michigan University a year, before enrolling at Concordia Theological Seminary in Springfield, Ill. He served his internship at Christ Lutheran Church at Troy, N. H., and Our Redeemer Chapel, New Ipswich, N. H., and was graduated from the seminary in May.

He will begin his ministerial work next month at St. John's Lutheran Church, East Lake, Minn., and his installation service there will be held Sunday, July 19.

Mrs. Emil Kallio of Wells and Mrs. Herbert Johnson and daughters of Escanaba, attended the services at Chatham.

## Obituary

**VICTOR P. DANI**  
Funeral services for Victor P. Dani of Hermansville were held Thursday at 9 a. m. at St. Mary's Church. Rev. Patrick Frankard officiated. Burial was in Meyer Township Cemetery. Serving as pallbearers were John St. Juliana, Joseph St. Juliana, Geno Marana, Carlo Calaro, Aldo Povoletto and Edward Malone.

**MRS. HALVAND ANDERSON**  
Funeral services for Mrs. Halvand Anderson were held at 10:30 a. m. today at Immanuel Lutheran Church with Pastor Gordon Thorpe officiating. Burial was in Gardens of Rest Cemetery. Pallbearers were William Smeltzer, Harry Bloomberg, Alvin Martinson, William Garbett, Nelson Sorault and Wesley Pease.

**CHARLES A. JOHNSON**  
Complete funeral services for Charles A. Johnson will be held Saturday at 1:30 p. m. at the Anderson Funeral Home Chapel with the Rev. Walfrid Nelson of Bethany Lutheran Church officiating. Burial will be in Lakeview Cemetery. Friends may call at the funeral home from 6 to 9:30 this evening.

# Plumbers Halt U.P. Picketing

MARQUETTE (AP) — Local 414 of the Plumbers Union called a halt Thursday to picketing at Marquette area construction sites.

Richard Sarasin, Local 414 business agent, said negotiations in the strike were deadlocked and the union did not want to jeopardize the welfare of other construction workers who had honored the picket lines. The plumbers struck U.P. contractors June 1.

The meeting this week at Marquette, between the Industrial Pipefitters Union negotiating team and the U. P. Mechanical and Electrical Contractors Association failed to reach an agreement. It was arranged by state and federal mediators.

Union demands call for direct payments which the contractors estimate will cost them a total of 65 cents per man hour at the end of the first year of a two year contract and additional costs including insurance, social security, unemployment taxes, and other fringe benefits amounting to between 5 and 10 cents an hour more.

Earlier, the union had demanded a cost increase of approximately 85 cents to \$1 per man hour over the next two years and the Contractors' Association had offered an increase of 50 to 55 cents over a three year period.

The contractors indicated that if the union would present a total package of 55 to 60 cents per man hour, which would be payable at the end of a three-year contract, an agreement could probably be arrived at, said B. E. Larson executive secretary of the U. P. Mechanical and Electrical Contractors Association.

The contractors' offer includes more than the union received from the residential plumbing shops in Marquette County, although residential plumbers were receiving \$3.10 per hour compared to \$3.95 for industrial pipefitters. The differential was \$6.80 a day and figuring that a working year consists of 2,000 hours, this would be almost a \$1,300 annual differential.

The contractors offered to submit the dispute to the joint council of the pipefitting trades for binding arbitration with the award to be retroactive, provided the pipefitters returned to work pending the result of the arbitration. The offer was not accepted by the union.

The union has apparently made some exceptions to their strike procedure, because some outside contractors and general contractors are returning to their work at K. I. Sawyer A. F. B., the Kingsford School, and other projects.

## Son Of Former Escanaba Couple Fatally Injured

Thomas Leslie Kallin, 11-year-old son of Mr. and Mrs. Robert Leslie Kallin, of P.O. Box 135, Grafton, Mass., was fatally injured when he was struck by an automobile Thursday near his home in Grafton, Mass.

He is survived by his father, Robert Leslie Kallin and his mother, the former Marion Hebert, both former residents of Escanaba; three brothers, two sisters and his two grandmothers, Mrs. George Hebert and Mrs. Roger Campbell, both of Escanaba.

# Opportunities For U.P. Gains Told In Parley

MARQUETTE — Gov. George Romney wrapped up his two-day Governor's Conference on Economic Opportunity in the Upper Peninsula Thursday by asserting that the opportunity here is "great," but that area citizens must help themselves if they are to capitalize on the opportunity.

In a luncheon address at Northern Michigan University, the Governor summarized findings of six panels that had met on various aspects of the Upper Peninsula economy in the morning. The panels dealt with wood industries, tourism, services, mining and quarrying, manufacturing and construction and agriculture.

He said the conference also brought out a picture of the Upper Peninsula as "an area of promise and hidden assets."

Highlights of the Governor's summary of the panel discussions:

Wood industries (Lynn Sandberg, L'Anse, forest manager for Celotex Corp., moderator) — Rapid advances are being made in preparing detailed forest inventory information needed to point out local supplies of raw material. Labor attitude is changing to permit establishment of competitive rates which are lower than the mine and automotive rates previously followed in the area. Remanufacturing of rough forest products into finished products is in the beginning stages. Multiple use of forest lands is necessary for reproduction. Setting aside non-tax paying, non-productive areas for exclusive playground use must be avoided.

Tourism (Harold Dettman, St. Ignace, vice chairman of the State Rural Areas Development Committee, moderator) — The panel expressed a desire for more federal loans for expansion of recreational facilities. Panel members saw a need for outstanding year-around recreation centers like downstate's Boyne Mountain. Universities should support more cultural activities in the U.P. to make tourists' stays more attractive. There should be more developments like Celotex Corp.'s Pettibone Lake cottage project. There should be more exploitation of the history and lore of the region in terms of tourism.

Services (William Veese, vice president - sales, Upper Peninsula Power Co., moderator) — Banks have taken steps recently to make their Upper Peninsula association more meaningful and have worked

better contact between enterprisers in the U.P.

Agriculture (Charles Donaldson Jr., Daggett, president of the Upper Peninsula Extension Advisory Council, moderator) — Panel members favored a new milk research facility at Michigan State University. They said additional funds are desired for research and service work at the Michigan Department of Agriculture laboratory in Escanaba so that U.P. dairy products might be tested here rather than being shipped to Lansing and so that feed analysis tests might be conducted for agricultural purposes.

Cash crops, such as canning crops, potatoes and pea beans, should be expanded. Most Grade A milk farmers in the U.P. have pledged money for plants and have copyrighted a trademark, "Vacationland," which they would have other interested agricultural groups use as an identification of a U.P. product. Expansion of the strawberry industry in the U.P. was cited as a possibility. Beef calf production for Midwest feedlots is to be expanded on soils not suitable for more intensive cultivation. Maple syrup production expansion, along with more use of cedar posts for fencing and possible summer homes, is being planned.

Manufacturing and construction (B. W. Reeve, Iron Mountain, president, Lake Shore, Inc., moderator) — Assets include the high productivity of workers in the Upper Peninsula and their pride of workmanship. Problems: Need for additional financing for new companies; need for more engineers; need for greater utilization of university research efforts and equipment; need for

# C&NW Adds Bay Passenger Trains To Chicago Runs

New passenger train service between Chicago, Milwaukee and Green Bay was started by the Chicago & North Western Railway Thursday, coincident with the discontinuance of certain train operations between Chicago and northern Wisconsin.

The railroad converted one pair of trains, now operating between Chicago and Milwaukee, to through trains operating between Chicago and Green Bay via Sheboygan and Manitowoc. It will also operate a new evening train from Chicago-Milwaukee, new evening train on Sundays from Milwaukee to Chicago, and also will make improvements in other passenger train schedules.

It has discontinued trains known as Nos. 215 and 212 operating between Chicago and Ashland, Wis., and a train which has been operating on weekends only to Land O'Lakes, Wis., and Train No. 211 operating from Chicago to Green Bay. All of these trains, which have been operating at a loss of more than \$5,100 a day, have been handling primarily mail and express.

The new train service northbound from Chicago will be provided by extending through to Green Bay the operation of Train 121, now leaving Chicago at 6:30 p.m., and arriving in Milwaukee at 8:30 p.m. This daily train will continue through to Green Bay via Sheboygan as No. 121X, leaving Milwaukee at 8:40.

Southbound, Train No. 162X which now starts from Milwaukee will extend its operation to become a new Green Bay to Chicago train, leaving Green Bay daily except Sundays and holidays at 2:30 p.m., and arriving in Milwaukee at 5 p.m., and Chicago at 6:55 p.m.

From Green Bay to Milwaukee Train No. 162X will replace local Train No. 120, permitting passengers to go thru to Chicago without changing trains at Milwaukee.

The new Chicago-Green Bay service is experimental in nature and is being installed as the result of requests received from the public by the Wisconsin Public Service Commission.

# Death Claims J. R. Lauscher

Joseph R. Lauscher, 73, who for the past two weeks had been visiting his son and daughter-in-law, Mr. and Mrs. Claude Lauscher in Marquette, died at 7:40 p.m. Thursday in St. Mary's Hospital in Marquette.

Mr. Lauscher had been ill for 10 years and was in the hospital for nearly two weeks. He was born Dec. 31, 1890 in Sturgeon Bay, Wis. and had lived in Milwaukee and Flemington, N.J.

Survivors include: his wife, Emma, a daughter, Mrs. William (Lucille) Leiderbach, Carmel, Ind.; a son, Claude, Marquette, five grandchildren and several nieces and nephews.

Friends may call at the Tonella Funeral Home in Marquette after 2 p.m. Sunday. Liturgical prayers will be recited at 8 p.m. Sunday. Funeral services will be conducted at 9 a.m. Monday at St. Louis Church in Harvey with Rev. Malcolm Maloney, OFM officiating. Burial will be made in Escanaba.

## Governor Dedicates School

## Romney Praises Delta For Help To The Retarded

Gov. George Romney praised Delta County for providing facilities within its own community and from its own means to care for its retarded children in dedicating the John F. Kennedy School for Retarded Children in Escanaba Thursday evening.

The governor flew out of a low overcast onto Escanaba Airport about 4:45 p. m. and was welcomed by a Little German Band and a gathering of 150 persons. An escort of Boy Scouts rode with him in the Escanaba Legion 40&8 Voiture's locomotive from the airport to the new school on the Webster School campus.

Introduced to a gathering of 300 by John A. Lemmer, retired Escanaba school superintendent and a member of the volunteer civic builders called Project Pride, Inc., Governor Romney said: "I have good reason to be happy about a community building, this building. It seems that we have greater and greater expectation that government—in Lansing or Washington—will do the things that need to be done."

**Retarded Chapter Lauded**  
"And our tendency is to put these children into institutions to get them out of the way. The way that we can help them most is in our own homes and our own communities where they are loved."

"The retarded child kept in his own home and receiving expert attention will walk two years earlier and talk four years earlier than those in large state institutions. The child responds more quickly in the environment that you have created here."

"People have contributed of their time and their means to raise this building. In very unusual actions nurses have marched for funds, and men

from K. I. Sawyer Air Force Base have raised funds. The unions have given their time and the contractors have given guidance and materials."

"This is all in the good old American spirit and it is contributing of oneself to meet community needs. To blend, without coercion the individual good and the public good is the essence of a good society, and I am particularly delighted to help dedicate this building erected by Project Pride and to congratulate the leaders of Project Pride, Walter Arntzen, chairman, and Don Brandt, secretary, and to present to them this flag which has flown over the State Capitol in Lansing to fly over the new school. John Gafner of Escanaba our manager of state buildings has provided this flag for the school."

**Flag Presented**

Arntzen and Brandt accepted the flag for the school and Arntzen introduced the leaders of Project Pride, Inc., including Al Brandt, Wilfred LaFleur, Claude Bohn, Don Brandt, Mel Oslund, Ragner Beck, Charles Neumeier, Harry Needham, James Degnan, John Lemmer and Tom Quinn. Dr. William Hemes, president of the Escanaba Area Board of Education said "We are happy to donate the land for this building. The board is proud of the community, of the entire area for uniting to build at no cost to government the John F. Kennedy School. Don't drop this united effort; we need continuing support for all education."

Lemmer said "Project Pride is proud and happy to participate in this ceremony marking completion of its second major project in this community. Actually it is the third, since Rotary Camp Harstad was built in the same way by practically the same men. The other project was the beautiful Chamber of Commerce Building."

"We know Escanaba as a friendly city, but it is more than that. It is a city where men work happily together, where competitors in business cooperate, where men of the local labor unions and others give up their spare hours for community betterment. It would be impossible to estimate the thousands upon thousands of hours devoted to the

GOV. GEORGE W. ROMNEY, left, presents an American flag which has flown over the State Capitol in Lansing to Walter Arntzen, chairman of Project Pride, Inc., which erected the new John F. Kennedy School for Retarded Children. In center is Don Brandt, secretary of Project Pride. (Daily Press Photos)

construction of this school; hours cheerfully given by so many big-hearted men so that children who cannot benefit by the regular school program will be helped.

**Many Contributed**

"Then, too, there were many more who contributed dollars; organizations and building materials suppliers who gave assistance in material and financial ways; and the Board of Education, for its gift of this site."

"We are proud and happy because a distinguished citizen, not only of Michigan, but of the entire nation, recognizes this extraordinary cooperation and considers this occasion sufficiently meaningful to be present."

"We know how busy he is. In our limited way we realize the many problems he must face, the many serious decisions he must make, the fact that no day is long enough for his many duties. Yet he has taken the time to come to dedicate our school."

Rev. Dr. Walfred Nelson, pastor of Bethany Lutheran Church, and Rev. Fr. Arnold Thompson, pastor of St. Thomas the Apostle Church, offered the blessings and the flag raising ceremony was conducted by the color guard of Cloverland Post 82 of the American Legion with Adjutant Roy Baldwin in charge. Members of the Boy Scout Order of the Arrow raised the flag and Alfred Provancher lead the Pledge of Allegiance.

Frank Blatterbauer of Cornell and Albert Valind, president of the Delta County Chapter, Michigan Association for Retarded Children, which sponsored the school project, set the cornerstone of the structure, which was open to public inspection after the ceremony. Its operations will be financed by Delta United Charities and it will provide two classrooms and auxiliary facilities for schooling of the retarded in sessions which will resume in September.

## John Schuster Receives Degree

The Master of Science degree has been conferred on John R. Schuster of Escanaba by California Institute of Technology, Pasadena.

Son of Mr. and Mrs. James A. Flaherty, 530 Rte. 1, Escanaba, he has majored in mechanical engineering at Caltech and was graduated from California Polytechnic College.

FRANK BLATTERBAUER of Cornell sets the cornerstone of the new John F. Kennedy School for Retarded Children on the Webster School Campus and Albert (Babe) Valind, president of the Delta County Chapter, Michigan Association for Retarded Children, sponsor of the project, assists.

## Shops To Dress For Centennial

Escanaba Days promotion plans were approved Thursday by the Retail Division of the Chamber of Commerce. The event will be Wednesday, Thursday and Friday, June 25-27.

Featured in the promotion will be a gift showcase of merchandise with a total value of over \$200. The public will register for the show case at Escanaba stores on those days and a free drawing will be conducted at 10 a. m. Monday, June 29, in the Chamber building.

The event will be publicized in the Press, by radio and in the K. I. Sawyer base newspaper.

Sales persons in Escanaba stores will wear centennial dress on Thursday, June 25 to lend atmosphere to the old fashioned Escanaba Days event and to tie in with the C&NW recognition Ore Centennial on July 11.

Chamber Manager Walter Lewke asked for the coopera-

## Plan Meeting For 1909 Class Reunion Group

A meeting of the 1909 Escanaba High School 55th year reunion committee will be held at the home of Mrs. Effie Dickson, 523 Ogden Ave., Thursday afternoon, June 23, according to Austin Stromberg, general chairman.

Plans for the reunion, Wednesday, July 1, with luncheon at the House of Ludington and a dinner program at the Escanaba Country Club will be completed at the committee meeting.

Members of the local committee are: Austin Stromberg, chairman, Michael Jensen, Effie Dickson, Michael Farrell, Dorothy Rose, Charley Toland, Gust Asp, Mary Sullivan, Elsie Holmes, Flora Clark, Margaret Ryan and Marbey Hornstein.

tion of local retailers and business firms in entering decorated cars, trucks, or floats in the Ore Centennial parade at 2:30 p. m., Saturday, July 11. Tentative plans were presented for the Sidewalk Day promotion on Wednesday, July 22.

## Bankers Called Too Cautious In Peninsula

(Continued from Page 1)

firm in a bootstrap effort to make new jobs.

The firm makes its first delivery in August, but will not hit its 50-helicopter-a-year production level until next year. Meanwhile, Christensen said, Enstrom is having trouble finding capital to tide it over.

Bankers at the convention defended themselves and their U.P. colleagues after the panel, and found support among other peninsula boosters.

"I think we're doing what we can," said Irving Moss, executive vice president of Miner's First National at Ishpeming. "We know we're a service organization."

Herbert Corey, president of the Bank of Stephenson and a past president of the Michigan Bankers Association, said, "banks in the U.P. have taken on as much as they can in relation to their own resources. A small commercial bank can only go so far."

**Too Much Pessimism**

J.H. Warden, Houghton, president of the Board of Upper Peninsula Power Co., in an address to all 350 participants in the conference, said:

"The banks in the U.P. are progressive and well managed and, although limited in lending capacity, through their correspondent banks and financial connections, they are able and willing to take care of the financial needs of the area, and I am sure any economically sound proposal can obtain all the financial assistance that is needed."

Harry Hall, executive vice president of the Michigan State Chamber of Commerce, Lansing, said U.P. banks are "over-cautious" because until recently local businessmen themselves have been pessimistic about the peninsula's chances of overcoming its unemployment problem.

The peninsula - wide unemployment figures reached 10 per cent last year, ranging to 19 per cent in some counties.

A summary of the workshop, prepared by the conference staff, said:

"Local banks are not able to provide money needed, and banks in other states sometimes look on the U.P. as some far off land that is a poor risk."

About one-third of the participants here came from Lower Michigan or other states, representing state and federal governments, heavy industry, merchandising and transportation interests.

## Bought A Ticket?

The Senior Citizens Committee of the Escanaba Chamber of Commerce is selling tickets for the Ore Centennial dinner here Saturday evening, July 11, which will honor the Chicago & North Western Railway.

Board Chairman Ben W. Heinman, President Clyde J. Fitzpatrick and other officials of the road will be here for the festivities, which will include a parade in the afternoon.

In all the years that the I. Stephenson Co. operated at Wells and nourished the community here it was never the honoree in a function like that planned to honor the North Western. And this can be said of the other pioneer industries of Escanaba. Certainly they were deserving of recognition by the community for long support of it.

Why this change?

It reflects a change in attitude of Americans toward industry. Once it was just accepted as desirable and sort of necessary. Now it is recognized as vital to community welfare and there's a very lively competition between communities for plants. They create jobs and they create taxes to support schools and other government services, and, very importantly, they bring people who can make important contributions to the community.

In the last half century, and especially in the last quarter century, the complexion of American communities has been significantly changed by a new mobilism. The ownership of business has changed from locally owned firms to large industry units, and the change has brought a rotation of personnel.

Small communities with industry are no longer static in their populations; their people have a big turnover. On any country club porch in the county you don't have to wait long to hear the remark: "I swear I don't know anybody in this club any more."

The City of Escanaba thought it proper to mark the completion of 100 years of ore shipping through the Port of Escanaba with a celebration. The volume is a big one and makes Escanaba one of the important ports on the Great Lakes, moving a larger tonnage than some metropolitan ports. The ore trade helped found Escanaba and has been an important source of its income since Civil War days.

The Chicago & North Western Railway, now well past its hundredth birthday, built and operated the Peninsula Railroad which brought the first ore here from the historic Jackson Mine and it has been hauling ore here and loading it into lake vessels ever since. The Milwaukee Road operated ore docks here for years, but since 1937 it has maintained an ore pool with the North Western.

Escanaba's recognition of the North Western will be much more than a pat for a pioneer enterprise. It seems chiefly inspired by the resolute way in which the North Western's command has pioneered change in American railroading.

The railroads, once the entrenched and autocratic giants of American transportation, were in trouble when World War II came along and for some time before. Other forms of transportation were nibbling away much of their freight business, more and more persons were traveling long distances in their family automobiles and not on railroads, and government was heaping taxes upon their operations without regard for their economic problems.

They were in a period of change reminiscent of that which ended the tow barge era of transportation and some prophets of doom were saying that trains would go the way of tow barges. But this couldn't be tolerated: they were indispensable to the nation's need for overland bulk carriers. As more and more railroads went to the wall in a squeeze of fading income and rising costs there were mergers and liquidations and creation of new systems.

The North Western has had a leading role in this historic change and has pioneered some of the remedies and acquired a national respect with courageous venture of new policies to meet new problems. It has reduced rates, reduced employment, consolidated, revised its services, sold a lot of its lands, promoted industry to create transportation, restructured its system for shipper economies.

Such an upheaval isn't accomplished without ruffling the feathers of complacency. Ashland decried the loss of ore business diverted to Escanaba. Escanaba railmen opposed train curtailment. Agents disliked closing of their stations, and so did their communities. But economic realism dictated changes. The nation was prospering but the railroads weren't.

Now the best of them have new life under their new working conditions and they have a new spirit of competition, too, that is valuable to the nation as well as to the carriers. So there may be a moist eye or a mumble for the "good old ways" when Escanaba celebrates the Ore Centennial, but the forward look sees opportunities for a productive second century of ore business here because the North Western is enterprising.

Economic developers all say that a community's greatest chance of growth is in the expansion of its existing industries. The North Western, after 100 years of change shows that it can still change and is looking for ways to profit and growth.

## Ray Of Hope

Optimism about Red China is so rare that it deserves notice.

Speaking at Harvard University recently, Robert W. Barnett, deputy assistant secretary of state, predicted that "the pragmatic Chinese people will ultimately reject or curb ambitions of men who speak and act with too little regard for responsibility to the people."

Barnett, in charge of Far East economic affairs in the State Department, noted that the Chinese on the mainland once thought differently of the United States "and can come to think differently again."

What the United States must do, he said, is make it plain to the Chinese that we are not against them, that we pursue our policies toward Peking patiently, "more in sorrow than in anger."

Well enough. How do you convey this information to the Chinese people?

## Washington Comment

By BRUCE BLOSSAT  
CLEVELAND, OHIO—(NEA)—Footnotes to a Governors' Conference that just about put the final seal on Arizona's Sen. Barry Goldwater as 1964 Republican presidential nominee.

Richard Kleindienst, top delegate rustler for Goldwater, believes Gov. Nelson Rockefeller of New York was 200,000 votes ahead in California after his upset victory in the Oregon primary. Goldwater's final California margin was 60,000.

In a purely social setting, some key Goldwater men sat until 5 a. m. Sunday, June 7, urging aides of Gov. William Scranton of Pennsylvania not to "chew up the party" by thrusting their man deep into a "stop Goldwater" movement.

After Rockefeller's sarcastic jabs at Scranton for not taking a firm opposition stand, Scranton men had some comments of their own. One says Rockefeller had made not one single telephone call to Scranton since early last November. Also regarded as symptomatic of the general lack of liaison among the moderate forces was the ironic fact that the

first real contact between the "political families" of Scranton and Michigan's Gov. George Romney came the evening of the day Goldwater was virtually conceded the nomination.

Goldwater forces were taking no chances that the governors might forget Barry's numerous vocal supporters around the country. To the governors' rooms came streams of telegrams from their home states and major points in Ohio most following a few limited patterns of language. One read "Goldwater or death."

Scranton had his own special deluge of telegrams, most urging him to jump into the race against Goldwater. And even in the dying moments of his briefly enlivened candidacy, two separate \$10,000 contributions came his way.

Rockefeller is said to be extremely bitter since the California primary. What upsets him especially, it is said, is not so much his defeat as the fact that Scranton, Romney and Richard Nixon all dispatched telegrams to Goldwater assuring him of their "neutrality" in the campaign.

Gen. Dwight Eisenhower's second major telephone call ("let's not be divisive") to Scranton was not the only dampener on the statement the governor made June 7 on his availability for the nomination and Goldwater's possible unsuitability. (The Scranton stand was widely viewed as weak.)

Scranton was unhappy over what he regards as Romney's untimely blasts against Goldwater. These came publicly before Scranton spoke on television. Scranton was aware that nearly all GOP governors disapproved the time—if not the sentiments—involved in Romney's move. The Pennsylvania figure a strong stand might then have left him out on a cracking limb.

The tone of the governors' disapproval left no doubt they felt it was too late, that Goldwater has the nomination locked up.

Reports circulated in the conference corridors that a Scranton statement being prepared for his television appearance had a few real mule kicks in it. But the governor's aides steadfastly refuse to release any portion of the purely "draft" document.

Actually, he had not finally decided to use it. In any event, it was being revised at the very moment Eisenhower's Sunday call caught Scranton in his hotel suite. From that time on the signals were new. The governor brought some papers with him into the television studio. But since he made no move to look at them during his interview, no one knows for sure they were the pages of the now-buried document.

## Typhoid Danger Believed Ended In Scotland City

ABERDEEN, Scotland (AP)—A nightmare that lasted a month seems to be over for this old granite city swept by Scotland's northern winds.

Aberdeen's health officer, Dr. Ian MacQueen, announced Wednesday that the city's typhoid epidemic has been "contained." Although 447 persons are still under treatment, MacQueen said there was no evidence of any new sources of infection.

Assured that the main danger is past, Aberdeen lifted the self-imposed quarantine that cut off its lucrative tourist trade. Thanks to modern antibiotics, only one death was recorded.

## Letters To The Press

Contributions are welcome. They must be limited to 350 words, and signed with the name, address and phone number of the writer, but the name will be withheld on request.

**CANVASSING VOTES**  
I was selected as one of the Board of Canvassers to canvass the votes for the school board elections that were held, and being new at it, I was wondering if anyone in your listening area or you, Mr. Editor, would tell me just what are the duties of one serving on such a board?

We attended our first meeting and first canvassing of the year and I can hardly believe what we were told to do proves anything, as far as counting the votes is concerned. We were given the Tally Book and we were told to add up the votes in it, which is five votes per square and the Tally Book it self adds the votes, as one knows if they saw a Tally Book.

I cannot see where just adding up the votes in it proves the votes were correct if we aren't allowed to see the ballots and check the votes that were actually cast by the voters and then check with the Tally Book. We were only given access to the Tally Book and the ballots were kept sealed.

Name Omitted  
("The Board of Canvassers' duties are to check the tally book with the Statement of Votes for accuracy," says Delta County Clerk William Butler. "The board does not necessarily see the actual votes unless a discrepancy is found in the figures.")

## Vatican Backs Bishops In Ban On Birth Control

LONDON (AP)—Roman Catholic bishops of Britain won Vatican backing Thursday for their stand against the growth of birth control among Catholics.

Dr. John Heenan, archbishop of Westminster, published a letter from Alfredo Cardinal Ottaviani, secretary of the Sacred Congregation of the Holy Office, giving assurances that he endorsed the bishops' stand. A misunderstanding had developed between Westminster and the Vatican after Dr. Heenan and his fellow bishops warned their flocks last month that contraception was not an open question because "it is against the law of God."

The bishops gave their ruling because many of Britain's four million Roman Catholics believed approval of the oral contraceptive pill might come when the Vatican Ecumenical Council resumes in September.

## BARBS

By HAL COCHRAN

Fifty per cent of office workers need glasses, says an eye doctor. Watching the clock doesn't make the time pass any faster.

You might as well brag as to be so proud of not being a braggart that you brag about it.

It's a peck of pleasure for birds when a few pounds of

new grass seed are spread around.

Every time politicians get wound up for a presidential campaign you can depend on some running down.

## California Law Calls For Smog Stoppers On Cars

LOS ANGELES (AP)—Auto manufacturers wishing to sell 1966 models in California will have to add a device to eliminate a by-product of their wares—unburned hydrocarbons in auto exhaust fumes.

Experts say these hydrocarbons are a major cause of smog. The State Motor Vehicle Pollution Control Board Wednesday approved four devices to control them.

D. A. Jensen, the board's executive officer, estimated that by 1967 the installation of the devices priced from \$26 to \$75 on new cars will have eliminated 25 per cent of the hydrocarbons in the Los Angeles basin's atmosphere.

## Ban Extended On Leaf Beetle

LANSING (AP)—The Michigan Agriculture Department's quarantine, aimed at containing the European cereal leaf beetle to southwestern Michigan will be expanded by at least "several counties" early next week, a department spokesman said Thursday.

It's not so much that the beetles are getting worse, but that the department is getting better at detecting the recently imported pest, said Dean Levitt, assistant chief of the Plant Industry Division.

"We're making headway," he said. "We're learning more about the beetle and expect a real breakthrough in eradication measures this summer."

The insect, brought into the United States through the St. Lawrence Seaway, was first identified in Michigan in July, 1962. Twenty townships in Berrien and Cass Counties were quarantined later that year.

All or parts of 17 counties were placed under quarantine last year. And the expansion next week will depend on the outcome of surveys now under way, Levitt said.

The quarantined area now includes all or part of Berrien, Cass, Allegan, Van Buren, Kent, Ottawa, Ionia, Barry, Eaton, Kalamazoo, Calhoun, Jackson, St. Joseph, Branch, Hillsdale, Ingham and Muskegon Counties.

## Ann Landers

## Don't Be Afraid Of Having Baby

Dear Ann: I read the letter from the woman who signed herself "Afraid" and perhaps I can add a word of encouragement.

As far back as I can remember, I, too, had an absolute terror of childbirth. Whenever I encountered a pregnant woman on the street—even a total stranger—I'd actually break out in a cold sweat. I'd visualize the agony and suffering that poor woman would have to face. It almost made me ill.

When I married and became pregnant myself my attitude began to change. My husband was so considerate and kind, and we wanted a child so badly, that I decided no matter how painful it would be worth it. Toward the end of my pregnancy my fears disappeared completely. My doctor promised that my husband would be by my side the whole time and this gave me added strength and courage.

Well, Ann, my delivery was a breeze. The doctor said it was normal—six hours of labor—and I can truthfully say it was not bad at all. When I think of the years I suffered fearing and dreading the unknown I could kick myself.—VICTORIOUS

Dear Victorious: Hooray for you and thanks for a terrific letter.

Dear Ann Landers: The other day while going through an old cedar chest in the attic, I ran across some official looking papers. They turned out to be two divorce decrees. I was shocked to learn that both my mother and my dad had been married before.

I am 16 and my brother is 18. I'm sure my brother doesn't know a thing about the divorces. My questions are: Should I go to my folks and tell them I found the papers and that I am disappointed they kept this from us. Or do you think they were right in saying nothing to my brother and me? Should I tell my brother? I need your advice.—SHOCK IN LITTLE ROCK

Dear Shock: Go to your folks and let them know you ran across the divorce decrees.

in the old cedar chest and that it was a low blow.

I believe it is best for parents to tell their children about previous marriages—or anything else that is a matter of legal record, such as suicides or prison records of relatives. It spares the children the pain of being told by a stranger or worse yet—of stumbling on the facts by accident as you did.

Don't tell your brother what you have learned. Ask your parents to tell him.

Dear Ann Landers: I realize your column is not a public billboard for petty gripes, but my problem is one which every person within a radius of half a mile of our home would like to have settled.

Every morning a woman who lives down the block, gets picked up for work at about 6:30 A.M. The driver of that blue sedan starts honking his horn when he is three blocks away. That miserable horn is not an ordinary automobile horn. It sounds more like a factory whistle.

Often the woman isn't ready on time and that horn keeps blasting away for as long as ten minutes without a let-up. It's enough to drive a person crazy.

My elderly father makes his home with us and he is not well. His sleep is broken up every morning by this ear-splitting racket and I would like to know if we can do anything about it. If so, what?—EXHAUSTED

Dear Ex: There's a law against disturbing the peace. I suggest that tomorrow morning you make it a point to talk to Little Boy Blue and ask him to please stop blowing his horn.

If one request does not put an end to the problem, call the police.

Parents are people—they can be right and they can be wrong. To help understand their viewpoint and to promote harmony at home, write for ANN LANDERS' booklet, "How To Live With Your Parents," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

## The Doctor Says:

### Heart Murmur Limits Activity

By Dr. Wayne G. Brandstadt.

Q—I am a housewife. My doctor tells me I have a heart murmur. Are there any specific activities I should not engage in?

A—There are several kinds of heart murmur. By far the commonest, especially in adolescents and young adults, is the functional murmur which is normal and not related to any disease of the heart. It is caused by the swiftness of the flow of blood through a vigorous heart.

Other murmurs are caused by a roughening of the surface of the heart valves or leaky valves due to infection or changes associated with age and hardening of the aorta. Some murmurs are due to congenital heart defects. Oftentimes the loudest murmurs accompany the least significant changes in the valves.

Shortness of breath on exertion and swelling of the ankles are a better guide to your heart's capabilities than a murmur. In other words, if you have a functional murmur or a leak that is well compensated, you need not limit your activities at all. But if there are signs of beginning heart failure, you will require special care including digitalis in some form and limitation of exertion.

Q—Can acne scars really be removed by planing the skin? Is this considered an operation and is it expensive?

A—Planing is a surgical operation. It will improve the appearance of a person with acne scars but, since this is not a lifesaving procedure, I'm afraid it would have to be classed as a luxury item. Get your local medical society to help you find a surgeon who performs this operation and discuss the cost.

Q—To have a balanced diet

is it better to have a green vegetable or a yellow vegetable each day? Or do you need both?

A—The important thing is to get enough of the essential nutrients (proteins, carbohydrates, fats, minerals and vitamins) to meet your needs. Your requirements will vary with the amount of energy you use up. For example, at physical labor you will need more calories than when you are engaged in a sedentary pursuit.

The term "green vegetables" is loosely used to cover those with only 3 to 5 per cent carbohydrate. This would include some yellow vegetables such as carrots and rutabaga (but not sweet potato), some red vegetables such as tomatoes and beets and a great many other vegetables of various hues.

Q—Can acne scars really be removed by planing the skin? Is this considered an operation and is it expensive?

A—Planing is a surgical operation. It will improve the appearance of a person with acne scars but, since this is not a lifesaving procedure, I'm afraid it would have to be classed as a luxury item. Get your local medical society to help you find a surgeon who performs this operation and discuss the cost.

Reservations and settlements of about one-half dozen Indian tribes lie within 30 miles of Phoenix, Ariz.

## Strike Delays MSU Buildings

EAST LANSING (AP)—Michigan State University is appealing to Gov. George W. Romney and the State Labor Mediation Board to help end a strike that threatens campus operations next fall.

At its regular monthly meeting Thursday, the board asked Romney and mediators to intercede in a Lansing area plumb-ers strike.

MSU President John Hannah said the strike is tying up construction of two dormitories scheduled to house 2,700 students next fall, and chemistry and biochemistry buildings.

Hannah called the strike a major threat to university operations.

## World's Largest Building Rises At Cape Kennedy

By HOWARD BENEDICT

CAPE KENNEDY, Fla. (AP)—Rising from the swamplands of Cape Kennedy is a great steel skeleton which is being forged into the world's largest building.

More important than its size, however, is that this structure will be the assembly area for the giant Saturn 5 rockets which will ferry American astronauts to the moon.

The Vertical Assembly Building—VAB—will not be the tallest structure ever built. At its highest point, 524 feet, it will be less than half the height of the Empire State Building.

But the VAB will measure 710 feet long and 513 feet wide. These dimensions will enclose 125 million cubic feet, making it the biggest man-made structure, from the standpoint of volume, anywhere.

It will dwarf the present record holders—the great Pyramid

of Cheops in Egypt, 96 million cubic feet; and the Pentagon, 77 million.

When completed in 1966, the VAB will be the dominant feature of the sprawling \$750-million moonport the National Aeronautics and Space Administration is constructing here for manned lunar flights starting late in this decade.

The price tag on the VAB is more than \$100 million.

Designing required the combined work of 200 engineers from four New York firms.

Max O. Urbahn, head of one of the firms, said: "The paperwork alone was monumental. Approximately 2,500 separate drawings were submitted. The final specifications, drawn up and duplicated for the firms who bid on the construction, took a train carload to deliver from the printer."

"As an architectural struc-

ture," Urbahn said, "the VAB will be little more than a slick, polished box covering eight acres."

"Inside the box it is somewhat more interesting, with whole buildings hanging from its sides, some of them moving up and down and in and out like suspended file drawers, mating with one another to form still other buildings within buildings to house the space vehicles."

### Rooms Dust-Free

Many of these smaller buildings are enclosed, air-conditioned, dust-free work platforms which are shaped like halfmoons on one side so they will fit snugly against the side of the Saturn 5 rockets and Apollo spacecraft.

Four 400-foot-tall rockets and spacecraft can be checked simultaneously as they stand upright in the VAB.

Engineering problems included designing the huge building, which does not have regularly spaced floors inside as reinforcement, to withstand hurricane winds and the tremendous pressure and noise created by Saturn 5 rockets blasting off from launching pads 3.5 miles away; constructing four doors, each 460 feet high, through which the assembled rockets will pass, and airconditioning.

"We were faced with the fas-

inating possibility that the shape of the building might make it react like an immense box kite and blow away in high wind. We had to design pile foundations that would prevent that," Urbahn said.

Construction of the VAB began with a process called surcharging.

### Water Squeezed Out

Sand was dredged up from the nearby Banana River by the Army Corps of Engineers and piled to a depth of 46 feet over the eight-acre site. The weight of this so-called surcharge bore down on the soggy swampland, squeezing out the water and firming the ground for foundation footings.

Pile drivers hammered 4,225 steel tubes, each 16 inches in diameter, into the bedrock 150 to 170 feet below the surface.

The steel anchor was capped by concrete to form the foundation for the VAB. Early this year, workmen began erecting the framework, which will require 50,000 tons of steel.

Once the steel skeleton is complete, it will be enclosed by more than a million square feet of corrugated aluminum siding. Everything about the VAB is big. Its purpose, a link between man and the moon, is even bigger.

THIS IS AN ARTIST'S conception of the vertical assembly building in Cape Kennedy, Fla., which will be the assembly area for Saturn rockets to ferry American astronauts to the moon. It will be the world's largest building when completed in 1966. (NASA photo via AP Wirephoto)

# GLADSTONE

## Grant Hupy In Hawaii

Grant Hupy, 17-year-old son of Mr. and Mrs. Robert Hupy, 611 Minnesota Ave., left Thursday for a seven week tour of Hawaii. Grant is traveling with Scope Tours of Texas and will be on the island of Kauai for six weeks of summer school training.

Classes will be conducted from 7:30 a. m. to 1:30 p. m. with afternoons free for relaxation. Included in the tour are trips to the other Hawaiian Islands including a one day stop at Honolulu.

Grant plans to also take ukulele lessons, one of the more popular island instruments.

After the tour Grant will visit his father's sister Johnne Hupy, who resides in Hawaii and then return home by jet and spend a day in San Francisco.

The Hupy family returned this week from a 13 day trip to New York City and the World's Fair. They traveled by car and took their house trailer for insured accommodations.

## Briefly Told

Gladstone City Police ticketed Ruby J. Bradley, 20, of Rte. 1 Bark River for defective equipment.

Mrs. Janie DuRoy, 1117 Dakota Ave., is leaving Saturday to spend a week visiting friends in Kenosha, Wis.

Gloria Stevenson, of Gladstone, was ticketed by State Police for disregarding a flashing red light.

State Police are investigating the breaking and entering of Buchman's Store, Rapid River, Wednesday night. Entry was made by prying the rear door. \$4 in change was taken from the cash register. Ray's Market in Rapid River also reported an attempted entry of the store Wednesday night. The back door had been partly prying open but entry was not made. State Police are continuing investigation.

Newspaper want ads are a big sell. Eight hundred million was spent on classified ads last year... more than for all television spot announcements or radio advertising.

## Kossov Ticketed By State Police Following Mishap

Fred Kossov, 21, Rte. 1, Gladstone, was ticketed by State Police for violation of the basic speed law, too fast for conditions, following an accident Thursday at 8:20 p.m. on County Road D-6, four miles northwest of Gladstone.

Kossov was going northwest on County Road D-6 when he came to a curve, hit some loose gravel and lost control of his car. The vehicle went into the ditch and rolled over.

Kossov received minor injuries in the mishap and the car was damaged extensively.

## Pair Will Span Ocean In Ketch

FORT LAUDERDALE, Fla. (AP)—A schoolmaster with no experience on the sea and a blonde woman doctor will set sail Monday in a homemade, 28-foot ketch for England and home.

"We don't anticipate it will be easy going," said Ray Wilkinson, 33.

His companion, Dr. Julia Ambler, 27, will provide some know how. She crossed the Atlantic last February as one of two girl crew members with a party of five doctors sailing to the Bahamas in a 35-foot boat.

"She wanted to go back," Wilkinson said, "and I needed a crew. I have only limited sailing experience and none on the high seas."

Wilkinson built the ketch Odette in his spare time while serving as head master of the elementary school at Rock Sound, Eleuthera, in the Bahamas.

Asked if a romance was brewing between him and Dr. Ambler, Wilkinson replied: "No. Well I don't know."

"We don't want to talk of romance at the moment," Dr. Ambler said.

After a four-day voyage from Nassau, the couple stopped here to buy supplies.

The first 1,200-mile leg of the trip home will take them to Bermuda. After a short rest, they will sail 2,700 miles to the Azores. There they will rest again before the 1,400-mile run to England. They expect to complete the voyage in 60 days.

THAT (!) Swimsuit—With the aid of a discreetly located piece of driftwood, a San Francisco model shows off the "nude" swimsuit which has caused a furore in the fashion world. The suit is made up of wool knit trunks and two thin straps.

## Fainting Blamed For Barge Crash Into Causeway

NEW ORLEANS (AP)—The helmsman of the tugboat Rebel Jr. says he fainted and apparently fell against a steering lever which drove the tug and its barges into the Lake Pontchartrain causeway.

The barges knocked out a 224-foot section of the 24-mile long bridge Tuesday and tumbled a bus into the water, killing six of the eight persons aboard.

Clifford Milley, 26, said Wednesday in an interview from his hospital bed he must have fallen on the lever after blacking out, turning the tug on its collision course in the pre-dawn hours. He was alone in the pilot-house.

## Home Of Aged Woman Wrecked

GRAND RAPIDS (AP)—Vandals have made it impossible for an 80-year-old woman to return to her home here from a Greenview nursing home, police said Thursday.

Mrs. Belle Wegener became homesick and sought to take up residence at her own home here.

A cleaning woman hired to tidy up the vacant house found that vandals had wrecked the interior.

# MANISTIQUE

## Injunction Issued On Sign Removal

An injunction restraining the State Highway department from removing or threatening to remove business signs in highway right-of-way has been issued by Circuit Judge George S. Baldwin to Mr. and Mrs. Donald B. McNally. The court further orders that the injunction apply to the entire county.

The injunction notes that the highway department has ordered signs removed from right of way by June 15 and this does not permit time for hearing.

## Church Services

St. Stephen's Naubinway — Sunday Mass, 11 a.m. — Rev. Arthur J. Parrotta, pastor.

St. Joseph's, Gould City — Sunday Mass, 8 a.m.

St. Theresa, Germfask — Sunday Mass 11 a.m. — Rev. Neil Smith, pastor.

Curtis Community Church — 11 a.m., church service. — Rev. Clarence Troyer and Rev. M. E. Lowry, alternating pastors.

Curtis Free Methodist — Public preaching service, 9:30 a.m. Sunday School classes, 10:30 a.m. Midweek Bible study and prayer service, Thursday, 7 p.m. — Rev. L. D. Coxon, pastor.

Wildwood Mennonite, Sand Town Road, Curtis — Sunday School, 10 a.m.; Worship service, 11 a.m. — Clarence Troyer, bishop, Lloyd R. Miller, pastor.

Maple Grove Mennonite — 10 a.m., Church service; 7:30 p.m., Evening service; Wednesday, 7:30 p.m., Midweek service. — Rev. Norman Weaver, pastor, Samuel Troyer, assistant pastor.

Curtis Baptist (M 135)—Bible School 10 a.m. Worship service at 11 a.m. Youth Fellowship at 7:15 p.m. Evening service, 8 p.m.; Wednesday, 8 p.m., prayer meeting — John Catlin, pastor.

Divine Infant of Prague, Gulliver — Sunday Mass at 10, with confessions before Mass. Religious instruction each Saturday at 9:30 a.m. — Rev. Terrence Donnelly, assistant pastor.

Community Presbyterian Gould City—9 a.m., Worship service. — Rev. William M. Farnham, pastor.

St. Mary Magdalen, Cooks—Sunday Mass 9:30 a.m., Confessions Saturday, 2-3 p.m. Holy Name Society, first Wednesday, 8 p.m.; Altar Society, first Thursdays at 8 p.m.; High School of religion, every Thursday, 7 p.m.; catechetical school, Sundays after Mass. — Rev. Joseph W. Charlebois, pastor.

Cooks Congregational — 9 a.m., worship service; 10:15 a.m., Sunday school.

Our Lady of Lourdes, Engadine—Sunday Mass, 9:30 a.m. — Rev. Arthur J. Parrotta, pastor.

Seventh-Day Adventist (Walnut and Range Sts.) — Saturday, 10:45 a.m., Sabbath School; 11:45 a.m., Church Service. — Rev. John Erhard, pastor.

Reorganized Church of Latter Day Saints, Gulliver — 10 a.m., Church school; 11 a.m., Worship Service - Holy Communion. First Sunday of month. — Elder George Backman pastor.

St. Paul's Episcopal, Nahma—9 a.m., Holy Eucharist and sermon.—Rev. Ernst Kempf, Vicar.

The department has threatened to remove signs by force if they are not down by the time, the injunction noted.

The issuance of a temporary injunction can not and will not harm the defendant, (the State Highway department,) but if it were not issued, it would cause irreparable harm to the plaintiffs, and others in the plaintiffs position by denying them rightful possession of a valuable asset. Because the matter of sign removal has been a matter of controversy, the court will not require securities to be filed as the defendant will not suffer damages or costs because of any wrongful injunction or restraint imposed by the court, the judge said.

The injunction forbids any cutting, taking from or removing or threatening to cut, take down or remove any signs in the right of way of U.S. 2 that advertise businesses of such persons.

The action was brought by Donald B. and Louise B. McNally through Atty. G.S. Johnson and action was taken at Munising June 17.

## Class Of 1934 Plans Reunion

The Class of 1934 of the Manistique High School plans to hold a class reunion the 4th of July.

In charge of arrangements are Mr. and Mrs. John Matthews, 100 Arbutus Ave.

Tentative plans include registration at the KC Hall at 10 a.m. and a visitation period from 2 to 5 p.m. A banquet will also be held at the Liberty Hall at 7 p.m.

Russell Wilson, Alpena, former principal of MHS will be the guest speaker.

## Long Vacations Make Inland Jobs

Employment is at an all-time high of 21,280, up 1,440 since Jan. 1 at the Indiana Harbor Works of Inland Steel, the company disclosed today. This compares with previous high points of 20,731 in April, 1960, and 20,754 in June, 1959.

And the big Chicago-based steel company expects within the next few days to add another 100 or more to its payroll at the East Chicago plant where a big surge in employment has come since closing of high schools and colleges made students and graduates available for summer replacements and permanent jobs.

The steel producer said that the new employment peak is caused by its high level of operations plus an extra burden of replacements for vacationing workers. This year for the first time, it explained, more than 1,800 employees will receive a total of 13 weeks vacation. This is under the new "extended vacation" plan which, over the next five years, will give the "sabbaticals" of 13-weeks duration to the 9,018 hourly-paid employees with longest service records.

## Hospital

Admitted to Schoolcraft Memorial Hospital were Eleanor Brock, Gulliver; Pauline Miller, 315 N. Houghton; Delphia DeSautel, Gulliver; Alfred Heitman, 802 Range; John Roos, Phoenix, Ariz.; Sally Schroeder, Engadine, Scott Louis, 219 E. Elk.

## Golf Invitations Are Received

The Indian Lake Golf and Country Club women's group Wednesday held a dinner meeting and received invitations to the Highland club at Escanaba June 24 and to the Norway club July 9. The same golf matches will be played here next week as rain prevented play this week. The golf award this week went to Mary Curran and the special award to Mrs. A. W. Cockram. Bridge prizes went to Mrs. John Kelly, Mrs. A. W. Cockram, Mrs. Emmett McNamara and Mrs. Bruce McKilligan.

## Briefly Told

A report of Jessie Polhamus, Germfask, of theft of well casing is being investigated by state police. Officers said the casing was lifted from the well while she was visiting in Muskegon for a few weeks.

State Police ticketed Jerry V. Scrivo, Warren, Frederick P. Gowell, Rothbury, Mich., Gerald R. McQuestion, Leroy, Waldemar E. Ostrand, Ann Arbor, Herbert Pryor, Inkster, speeding and Glayds M. Heinz, 316 Lake St., failure to yield right of way.

Fines of \$25 and costs of \$2 were paid in Justice Court by Joseph M. Kelly, 18, of Rogers City, Donald S. Malocha, 18, of Rogers City and Timothy D. Gordon, 18, of Rogers City for being minors in possession of beer.

Eugene Parise, 19, of Chicago was ticketed by Public Safety officers for failure to have vehicle under control after an accident at noon Thursday at the Walnut and Maple intersection. He collided with a jeep driven by Richard Bonifas of Manistique. Both were attempting to turn.

Astrid Forde, Starbuck, Minn., was ticketed by Public Safety officers for failure to have vehicle under control, Charles Rose III, Spring Lake, improper varying course of vehicle and Joyce Ann Hicks, Spring Valley, Wis., failure to have vehicle under control.

Gail Gahringer, 25, of Dayton, Ohio, was taken to St. Francis Hospital in Escanaba for treatment of minor injuries suffered in an auto accident at 2:30 p.m., June 17 on U.S. 2 in Garden township. State Police said her car went off the north side of the road and hit a tree, after skidding on wet pavement on a curve.

Couples Club of Zion Lutheran Church meets Saturday, June 20 at 8 p.m. at the Don Curran cottage on Dodge Lake for a hot dog roast. Couples are asked to bring their own hot dogs and buns. Hosts and hostesses are Mr. and Mrs. Don Curran and Mr. and Mrs. Don DeSautel. All couples are welcome.

Harry Lee Burley, son of Mr. and Mrs. Charles Burley has left for recruit training at the Great Lakes Naval training station. A graduate of Manistique High School, he has been in the National Guard one year. He has enlisted for four years. He and his parents and his sister, Nancy returned on the weekend from Minneapolis where they were called by the sudden death due to heart attack of John Riccelli, 44, nephew of Mr. and Mrs. Burley.

A traffic control order to prohibit parking on County Road 440 in Hiawatha township has been issued following a study by the Traffic Control Center, State Police Capt. Donald Oates reports. The ban covers right of way of County Road 440 on either side between points 2/10 mile and 4/10 miles northerly of the intersection with 441. The road is that running along the south end of Indian Lake, from the store and past the Copenhagen bridge. The Road Commission has approved erection of signs for it.

MR. AND MRS. DEAN P. Deloria, 310 Chippewa announce the engagement of their daughter, Patricia Ann to Glen H. Erickson, son of Mr. and Mrs. Hugo Erickson of Thompson. The wedding will take place Oct. 24 in St. Francis de Sales Church.

## Mrs. Seaman Dies At Sault

Mrs. David Seaman, 87, former resident of Manistique, died at 2 p.m. Thursday at Memorial Hospital in Sault Ste. Marie, Michigan, where she had been a patient for two days.

Born on April 9, 1877, in Kingsville, Ont. Canada, she came to the United States as a young girl where her family was one of the first to settle on Drummond Island. She came to Manistique in 1917 and lived here until moving to Detroit about twenty years ago. She has been spending summers in the Manistique and Sault Ste. Marie areas.

Formerly Estella Anderson, she was married to David Murray Seaman on Drummond Island, Jan. 30, 1895. Her husband was the County highway commissioner and president of the Manistique School Board at the time of his death, March 31, 1930.

Mrs. Seaman is survived by three sons, Eugene of Escanaba; Russell of LaMesa, Calif.; and Dale of Everett, Wash.; three daughters, Mrs. George (Gertrude) Stephens, Manistique; Mrs. George (Genevieve) Barr, Sault Ste. Marie, and Mrs. Frank (Fae) Taylor, Detroit.

Also surviving are one brother, Dolph of Manistique, and a sister, Mrs. Genevieve Brock, Manistique, 13 grandchildren and 24 great-grandchildren.

Friends may call at the Messier-Broulliere Funeral Home beginning at 2 p.m. Sunday. Services will be held Monday at 2 p.m. from the funeral home chapel. Burial will be in Fairview Cemetery.

## Kalamazoo Hosts MUCC Meeting

KALAMAZOO (AP)—Registration opened Thursday for some 500 persons expected to attend the annual convention of Michigan United Conservation Clubs.

Delegates represent approximately 60,000 members in 350 clubs. The convention seeks action on a variety of issues including designation of State Conservation Commission control of fish and game seasons and limits, use of a larger share of the marine gasoline tax for water access sites, control of pesticides and detergents in sewage systems and control of dredging and filling of inland lake and stream shores.

O. Stewart Myers Jr., of Grand Rapids, is unopposed for reelection as MUCC president at the convention which continues through Saturday.

## Stella Paul Sees Postal Machine At Convention

Stella B. Paul, Gulliver, attended the 29th annual convention of the National Assn. of postmasters in Detroit and saw the most mechanized post office in the nation there.

She saw letter sorting machines capable of handling up to 390 separations of mail in a single sorting, massive parcel post and sack-sorting machines and a machine which faces and cancels letters at the rate of up to 30,000 per hour.

"It was extremely interesting to see the tremendous strides the Post Office department is making, in putting into operation effective machinery to cope with the ever-increasing volume of mail. In the near future," she said.

"Although mechanization is designed principally for use at very large post offices, offices like ours at Gulliver and postal patrons everywhere benefit in terms of better service."

## Personals

Sgt. and Mrs. Donald Heinz are visiting at the home of Mrs. Heinz's parents, Mr. and Mrs. William McEachern, Cooks, after a 10 days tour of Detroit, Pontiac, Mt. Clemens, and Albion visiting friends and relatives enroute from Ft. Hood, Texas, where Sgt. Heinz has been with the Army for the past 2 years. In Albion they visited with Sgt. Heinz's parents, Mr. and Mrs. Gerard Heinz. Mr. Heinz has accepted employment with the State Highway Dept. in Alpena.

Mr. and Mrs. Daniel Hamiel spent the weekend in Mukwonago, Wis., visiting Mr. and Mrs. Charles Rodner and family. Mary Rodner accompanied them to Milwaukee, where she is visiting her sister, Mr. and Mrs. Gene Mueser.

SUNDAY AFTERNOON is a busy time at the U. S. Forest Service's Camp Seven area. Boating, picnicking, camping and hiking on the marked Van Winkle trail are attractions offered. (Daily Press Photo)

## Ask Roads Be Placed In County System

The Schoolcraft Road Commission has been requested to adopt a portion of the North-western Veneer Co. road in northern Seney township into the county road system in lieu of P-451. Built in the lumbering days of the area, the road is partly in Alger, Schoolcraft and Luce counties.

The Commission has asked a study of the proposal, made by Francis Morrison, Seney township supervisor.

The Commission also has been asked to consider P453, from Thunder Lake to Big Spring as a developing road link. Floyd Sample and Joel Carley presented the request.

William Rodman and Clarence Knowles have asked for data on public acceptance of a service road in the Ash resort area, and road chloride was requested for the Little Harbor Road.

Approval has been given for 50-50 cost sharing for ditch cleanout in Manistique township.

The Commission has adopted a resolution indicating it wishes the state highway department to convey right of way on abandoned roads, as well as the road, to the county. Abandoned portions of M94, M77, U. S. 2 and old 98 and 99 are involved.

## Scout Troop Prepares For Camp Red Buck

Twenty boys of Troop 400 are preparing to attend Camp Red Buck June 28-July 4.

On the weekend, the troop sponsored by the Sportsmen's club attended a camporee at Camp Cooks, and won the best troop award. Its timber Wolf Patrol was best in cooking and the Bobcat patrol was best in camping area.

More than 200 boys from 12 troops in 30 patrols attended. Four boys, Frank Hentschell, Terry Schulze, Bill Eimmerman and Ron Cournaya, who are working for their ad altare dei award constructed an altar and communion rail for Catholic church services. Protestant services also were held.

The Troop meets Wednesday night for final preparations for Camp Red Buck.

## Store Caters To Cottage, Resort Trade

General merchandise — lots of it with much variety is the goal of the Manistique Furniture Mart which has 8,000 square feet of floor space at 117 Walnut St., the former roller rink building, stocked full with furniture and some builder and hardware lines.

Operated by Floyd Christensen, the store caters to the cottage and resort trade and stocks heavily in furniture, Lloyd kitchen and dinette sets, Brodie dinettes, Flex-steel furniture, Coscware and Armstrong linoleum are some of the items available. His floor coverings are sold ready-cut or by the yard.

Upholstered furniture by Modern Chair Co., Bassett bedroom sets, Westclox clocks, and Chief and All Star paints also are stocked.

A variety of kitchen base and metal cabinets and other cabinets are stocked, along with bunk beds, many kinds of lamps, mirrors, and even luggage. Some plumbing materials, bath tubs and stools are carried as well as wood panelling and plywood.

Christensen, who cooked 20 years on lake carriers before coming to Manistique to open his own store, makes a weekly trip to Iron Mountain as he is associated with the D & B store there. This enables him to obtain articles he may not stock.

Christensen came to the area with his parents, the John Christensens, from Green Bay in 1925. They came to develop a resort at Fayette, and later moved to Garden and then to Manistique, where Mr. Christensen worked as a butcher and sausage maker.

Floyd started the store 10 years ago. It's open from 7 a.m. to 6 p.m.

OWNER FLOYD Christensen of Manistique Furniture Mart, center, is pictured with H. L. Smith a painter and decorator, left, and E. J. Smith, also a painting contractor.

NEW SUMMER cottage furniture offered by the Manistique Furniture Mart is pictured in extensive display in the store. Whether it's a separate mattress, spring or frame, or a lampshade you'll find it here.

FLOOR COVERINGS, cabinets and bedroom furniture are in this department of the Manistique Furniture Mart. The store has 8,000 square feet of displays. (Daily Press Photos)

Classified Ads Cost Little But Do A Big Job

MRS. DARWIN WALLACE LOFGREN, whose marriage took place May 30 at St. Louis Park Ev. Free Church, Minneapolis, is the former Brenda Carol Johnson, daughter of Mr. and Mrs. Calvin Johnson of Milford, Ohio. The newlyweds are making their home in Wells.

### Escanabans Celebrate Their Silver Wedding

Mr. and Mrs. Andrew J. Hurthibise, life-long residents of Escanaba, celebrated their silver wedding anniversary recently at their home.

The day opened with a Mass of Thanksgiving at St. Anne's Church, celebrated by Fr. Stephen Mayrand. Altar boys were Brian Beauchamp, a nephew, and their son, Steven, who has just completed his second year at the Salvatorian Seminary at St. Nazianz, Wis.

Their attendants at the wedding 25 years ago, Mr. and Mrs. Ragnar Johnson of 204 S. 18th St., were with them for the happy occasion.

A reception for 80 guests was held at the family home, 2237 18th Ave. S. Mrs. Hurthibise received guests in an ivory brocade suit with which she wore white accessories and a wrist corsage of white carnations and pink roses.

The former Priscilla Beauchamp and Mr. Hurthibise were married in Escanaba June 8, 1939. Their family includes six children.

They received many beautiful gifts and a sum of money from their friends and relatives.

### Rodmans Will Vacation Here

Mr. and Mrs. George Rodman and children, Mark, Sally and Crissie of San Rafael, Calif., are arriving Sunday night for a three week vacation stay in Escanaba, their former home city. They will visit members of Mrs. Rodman's family and with Mrs. Rodman's parents, Mr. and Mrs. Leney Clairmont, 720 S. 10th St. Mr. Rodman who is with American Broadcasting Co., associated with KGO-TV, San Francisco, will return there July 12 for the Republican Convention, but his family may remain for a longer visit. Mrs. Rodman was Janis Bergman and both she and her husband are former members of the news staff of the Escanaba Daily Press.

### Nahma

Mr. and Mrs. George LeBrasseur and family of Flint are spending their summer vacation at their home on the golf course road.

## U.P. Invitational At Highland June 24

An important event of the coming week is the Upper Peninsula Women's Invitational Tournament which will be held at Highland Golf Club Wednesday, June 24, with women of Highland as hostesses.

Social events of the day will include a breakfast at 7:30, a light lunch at noon, bridge during the afternoon hours for those not playing golf, and the tournament dinner at 5 p. m. followed by awarding of prizes.

Golfers' reservations must reach Mrs. James Douglas, golf chairman, ST6-3326, not later than June 20. Non golfers are

to call Mrs. Grover Lewis, ST6-1860, for dinner reservations.

Wednesday's permanent list does not apply on tournament day, it was announced, also, Highland Club members are not permitted to have dinner guests on that date.

General chairman of the day is Mrs. Grover Lewis. Golf chairman is Mrs. James Douglas and co-chairmen of bridge are Mrs. Briton W. Hall and followed by awarding of prizes.

Their committee is: Mesdames Gunnar Hornblad, Elmer Howard, John Boyle, Harold Meiers, Clarence Sovey, Walter Wickert, Leonard Stade, G. E. Christie, Ben Douglas, C. E. Johnson, Ralph Sarnowski and Joseph Garant and Miss Mae Webb.

The weekly women's day was held at the Highland with a large attendance. Wednesday golf matches were rained out so golfers must play them by July 1. The regular bridge was held and Mrs. Harry McPherson, Mrs. George Bathke and Mrs. Ben Douglas were the winners. Guest awards went to Mrs. Ernest LaCrosse and Mrs. James Pascoe.

### Class Of 1919 Will Hold Its Third Reunion

Members of Escanaba High School class of 1919 are completing plans for their third reunion which will be held July 4 in the Marine Room of the House of Lexington. The affair will be a 45-year gathering of the class.

Replies from 1919 graduates have been most favorable and the committee on arrangements is expecting an unusually large attendance.

The evening's program will be traditional, a cocktail hour, dinner, and an informal reunion program.

Mrs. Grover Lewis is general chairman and reservations are to be made with her, telephone ST6-1860, not later than July 1.

### Garden Peninsula

At Commencement

Mr. and Mrs. Steve Psodna returned Monday from Okemos where they visited their son and daughter-in-law Mr. and Mrs. Steve Psodna, Jr. Sunday they attended commencement exercises at Spartan Stadium, East Lansing, where Steve Jr. was graduated from Michigan State University with a bachelor of science degree.

Bake Sale

The Women's Fellowship of the Congregational church will have a bake sale Saturday at 2 p. m. in the Community building.

Mr. and Mrs. Ernest Plante and daughter Carol spent the weekend in Chicago where they visited with Mr. and Mrs. Frank Trotti and family and Mr. and Mrs. Jack Cogen and attended the 8th grade graduation of their granddaughter Patricia Trotti. They also spent some time in Peoria, Ill. with Mrs. Plante's sisters Maxine and Sue.

Mr. and Mrs. Jack Cooper and daughter Leila of Cooperage, Alaska, Mr. and Mrs. Andrew Cooper of Iron Mountain, and Mr. and Mrs. Alec Cooper of Manistique visited Nell Farley Monday at the home of Mr. and Mrs. Cal Richard.

Mr. and Mrs. Henry Jacobson and son Peter returned from Junction City, Kan., where they spent a week visiting Mr. and Mrs. Bruce Jacobson.

Dona Guertin is a surgical patient at St. Francis Hospital, Escanaba.

Mr. and Mrs. Pete Bosanic of Oscoda are visiting a few days with her parents, Mr. and Mrs. Cal Richard.

Sunday for Marquette where she will attend the summer session at Northern Michigan University.

Fred Popour has reentered the Burns Clinic, Petoskey, for medical care.

SISTER MARY JENNIFER, the former Mary Sullivan, daughter of Mr. and Mrs. Donald Sullivan of St. Thomas parish, Escanaba, was received into the Franciscan Order at Manitowoc, Wis., Saturday, June 13. Attending the impressive ceremonies, in addition to her parents, were Father Arnold Thompson and Father Donald Shiroda of St. Thomas Church, her sister, Mrs. Bruce Farrell and her niece, Marth Beth, of Grosse Ile, Mich.

## William E. Butlers To Mark Silver Wedding

Mr. and Mrs. William E. Butler, widely known residents of Escanaba, whose wedding took place here June 22, 1939, will celebrate their silver jubilee Saturday, June 20.

No formal invitations have been issued in the Escanaba area, but all neighbors and friends are invited by the Delta County Clerk and his wife to attend an open house at their family home, 428 S. 17th St., from 4 to 8 p. m.

The day's festivities will open with a Mass of Thanksgiving at 11 a. m. at St. Anne's Church, which will be celebrated by Father Stephen Mayrand. A brunch for immediate family members will be served at the Butler home, followed by the open house.

Mr. Butler and the former Mary Alice Harvey were married at St. Anne's Church in Escanaba. Their attendants at the wedding 25 years ago were Phil Miron, Escanaba, who will be with them for the jubilee Saturday, and Mrs. Frederick Lundgaard of Indianapolis, the former Catherine Harvey, who will be here for a visit this coming week.

Mr. and Mrs. Butler have ten children: William A., of Escanaba; Sister M. Barbara Jean, the former Sally Ann Butler, who is coming, through special permission, from Holy Family College, Manitowoc, Wis., where she is attending the summer term; Mrs. Richard (Mary Frances) Frazer, Gladstone; John, who left Sunday to begin his studies for the Christian Brothers Order at Winona, Minn.; and Patricia, Barbara Jean, Virginia, Marcia Kay, Robert and Margaret, at home. They also have three grandchildren.

Out-of-town relatives from Milwaukee and Battle Creek will be here for the silver wedding observance.

### Mrs. Banks Will Move To Elmhurst

Mrs. Roy H. Banks, senior member of a prominently known Escanaba family, is closing her apartment at 815 S. 10th St., and will leave Saturday with her son and daughter-in-law, Mr. and Mrs. Tom Banks, for Elmhurst, Ill., to make her home with them. Mrs. Banks recently returned from an extended visit in La Jolla, Calif., with her daughter, Mrs. John A. Matzinger, the former Barbara Banks, and her family.

### B. & P. W. Club Meeting Tuesday

The Escanaba Business & Professional Women's Club will hold a regular dinner meeting at the Sherman Hotel, Tuesday at 6:35 p. m. Guest speaker will be Carmen Mayra, a student at Bay De Noc College, whose topic will be hand writing analysis.

Members are asked to call Caroline A. Nystrom, chairman, for reservations.

## Personals

Charles Larson, who recently was promoted to News Editor of the Lansing State Journal, left yesterday after a visit with his parents at Rock and with relatives and friends in the Escanaba area. Larson formerly was a member of the news staff of the Escanaba Daily Press.

Buy and sell the classified way.

## IMPROVEMENTS IN TELEPHONE SERVICE PROPOSED FOR BARK RIVER

In connection with improvements in Bark River telephone service, certain changes in charges, shown below, are being presented to the Michigan Public Service Commission for approval.

### "BASE RATE AREA" ENLARGED

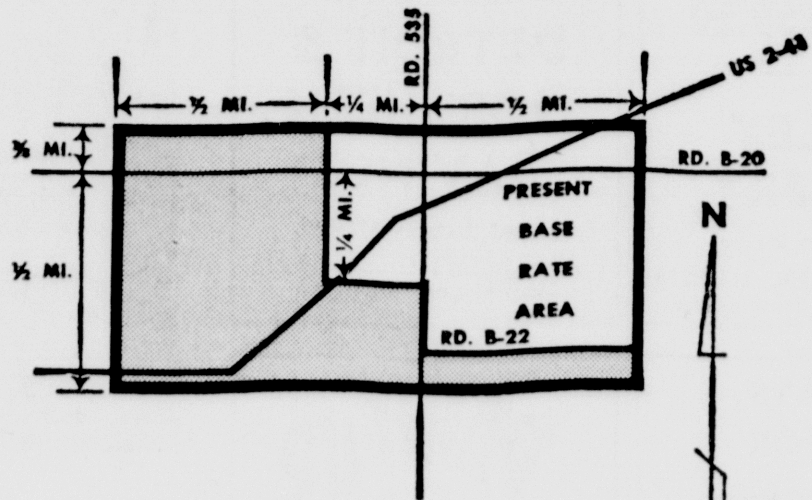

We plan to enlarge the Bark River "Base Rate Area" to include additional territory west and south of the town, as shown by the shaded area on the accompanying map. This would result in a "Base Rate Area" more than double the size of the present one. Mileage charges that now apply in the shaded area would be eliminated and rural multi-party line service would not be available in this area. Present customers with rural service could retain it at their present locations until facilities become available for upgrading their service.

### BETTER GRADES OF SERVICE THROUGHOUT THE BARK RIVER EXCHANGE AREA

We plan to add more lines and equipment throughout the Bark River exchange area to provide better grades of residence service in place of 4-party residence service. As a result, when these facilities become available, only individual line and 2-party line residence service would be provided, except in the outlying rural territory where we will continue to provide rural line service. With a maximum of two parties on a line no customer would have to share his line with more than one other party and his telephone would ring only for him.

Since considerable time is needed to provide the additional lines and equipment, customers with 4-party residence service could retain that service at their present locations until we can make the change. However, if the Commission approves our proposal, 4-party residence service would not be available to new applicants for service nor to present customers moving to new locations.

### Shaded Areas Are Proposed Base Rate Area Additions

## CHANGES IN CHARGES

(Amounts Shown Do Not Include State and Federal Taxes)

### IN THE PRESENT BARK RIVER "BASE RATE AREA"

4-Party Residence customers changing to 2-party service would pay 50¢ more per month for the better grade of service.

### IN THE PROPOSED "BASE RATE AREA" ADDITION (See Map)

All individual line customers and 2-party line residence customers each would pay at least \$1.50 less per month.

4-Party line Residence customers changing to the better 2-party service each would pay at least \$1.00 less per month, even though the 2-party rate is 50¢ per month higher than the present 4-party rate.

Rural Multi-party line Residence customers changing to the better 2-party Residence service each would pay 30¢ less per month.

Rural Multi-party line Business customers changing to the better individual line Business service each would pay \$2.20 more per month.

### IN THE OUTLYING RURAL AREAS (Not Shown on Map)

4-Party Residence customers changing to the better 2-party service each would pay 50¢ more per month on their basic rate.

Since mileage charges are applied in this territory, some 4-party residence customers in certain locations may also receive an increase in their mileage charges due to the higher mileage rate for their changed service as compared with their present mileage rate. Mileage rates are:

4-Party line — 25¢ per 1/4 mile, per month  
2-Party line — 50¢ per 1/4 mile, per month  
Individual line — 75¢ per 1/4 mile, per month

The minimum mileage charge for individual, 2-party or 4-party lines is \$1.50 per month in each case.

If you have any questions about the proposals, please call our Business Office. Our representative will be glad to discuss them with you.

You won't long for the good old days if you're a golfer. See for yourself (left to right) who has the best chance for a mighty swing. Miss Gladys Ravenscroft, Women's Amateur Golf Champion of 1913, wears a black and white wool skirt, seven inches from the ground and a cardigan bulging with equipment. The final touch—her woolly wristlets. Stepping up in time to 1950 (not too long ago), Beverly Hanson, then Women's Amateur Champion, is dressed in that year's version of a free-swinging outfit—

short-sleeved knit shirt, red gabardine skirt, 13 inches from the ground, ankle socks and spiked golf shoes. Miss 1964, next, may not be a champion, but she could fool anyone until the time she tees off. Etic designed her liberated golf clothes. A simple print blouse in dacron and cotton is teamed with rayon linen-vent blouse and sturdy butterscotch and bone golf shoes. For rainy or windy days on the course she wears an abstract print lightweight jacket which can be tucked into her golf bag when not in use.

## In This Corner

with Roy Crandall

The latest Michigan baseball bonus baby to haul in a hatful of money is Art (Pinky) Deras of Hamtramck who signed with the St. Louis Cardinals for \$80,000 this week. Deras first gained fame in 1959 by pitching and batting his Little League team to the national championship. In 1961 his Pony League team also captured the national title.

The 6 foot 2 inch Deras batted .478 as a senior at Hamtramck High School this spring. Last summer he played 14 games a week in three leagues (sandlot, Legion and Colt) and batted .478 while compiling a 23-2 pitching record. The Cardinals plan to use Deras as a third baseman or outfielder to capitalize on his hitting ability.

Deras joins some other former Detroit area youngsters who have snared generous bonus deals. Among them were Bill Freehan (\$125,000), Ted Kazanski (\$100,000), John Pacionek (\$80,000) and Dave DeBusschere (\$75,000).

Verne Coutant, former outstanding amateur boxer and Upper Peninsula 175 pound Golden Gloves champion, has been appointed coordinator of the summer recreational activities in Sault Ste. Marie. Coutant is a member of the teaching staff in the Soo public school system.

Iron Mountain Bosch suffered a stunning softball upset this week. The Intercity league leaders were nipped 4-3 by First National Bank, a team that had lost seven straight previous starts. Bob Olson scattered eight hits for the mound decision while Carl Lemm suffered the setback on a five-hitter.

**Shorties:** Top softball team in the Menominee Twin City League is Marinette Marine with a 3-0 record. Latest Upper Peninsula no-hit pitching performance was turned in by Ironwood Little Leaguer Myron Manchester who tossed the gem in a 6-0 triumph in which he fanned 11 batters. Menominee has a Little League team, the Indians, that has won 18 straight games in the last two seasons.

Pro Jim Crichton of the Escanaba Country Club will run qualifying competition for youngsters who will compete in the junior tournament at Menominee June 26. Qualifying tests will be run off Monday and Tuesday for golfers in the three age brackets to determine the three entries in each division at Menominee. The age brackets are from 10 through 12, 13-15 and 16-18.

## Five Double Plays Fail To Give Tigers Victory

DETROIT (AP) — A person would think that any team that can complete five double plays in a nine-inning baseball game would have incentive to go on and score a big victory.

Not so with the Detroit Tigers who lost another game to Kansas City, 3-2, Thursday, giving the Athletics three of the four games in the series.

The Detroit bats were silent

## Hamms Team Puts Halt To Mead Victory String

**Thursday Results**  
 Hamms 3, No. 1 Mead 2  
 Bero Motors 5, Hall Insurance 3

The Hamms-Merchants put a stopper on Mead No. 1's season long victory string before a large crowd at Memorial Field Thursday night.

Hamms scored a 3-2 decision to vault over the Paper Makers into first place in the Escanaba Softball League. The victory was the seventh of the season against one setback for Hamms. Mead had won six straight starts, including an earlier 4-1 verdict over Hamms.

In another game Thursday night Bero Motors rallied for a 5-3 triumph over Hall Insurance. The victory was Bero's third of the season and second this week and boosted the team to a tie for fourth place in the league race.

Bero's scored a run in the first inning but Hall surged ahead 3-1 in the third on four walks, an error and a hit by John Gardner.

Dale Bittner came on in relief of Jug Bordeaux for Bero's in the fourth and held Hall scoreless the rest of the way.

Bero's staged its rally in the fourth, scoring three runs on three hits by Roger Pepin, Bill Curtis and Tom DeGrand to tie ahead 4-3. They added a clincher in the fifth as Bill Menard stroked the key hit.

Bordeaux and Bittner combined for a five hitter while Jolly VanEffen and Dick Bizeau

shared the Hall mound and granted seven safeties. Bill McGovern and Todd Butler hooked up in a tense pitching duel in the feature game. Both hurlers granted four hits, but Hamms bunched their safeties in a couple of innings.

Hamms opened the scoring in the third when Bob Corriveau swatted the first of his two doubles and scored on a single off the bat of Bob Melchior. Bud Kenneally pushed Melchior home for a 2-0 margin.

Hamms made it 3-0 in the fourth as Wally Flath was safe on an error and scooted home on Corriveau's double.

The Paper Makers scored both their runs in the fifth. John Martinac led off with a single and came home on an error as Bill Baker laid down a bunt. Bunny Martin then drove Baker in to close out the scoring for the night.

## Top Tennis Players Win

EAST LANSING (AP)—America's top college tennis stars, playing true to form, moved into the semifinals of the NCAA Tennis Championships today with the top four seeds in both singles and doubles still unbeaten.

In singles, defending champion and No. 1 seeded Dennis Ralston of Southern California met UCLA's Arthur Ashe, ranked third. Northwestern's Marty Riessen, No. 2, faced fourth-seeded Charles Pasarell of UCLA.

Riessen and Clark Graebner, the top-seeded doubles entry, are pitted against third-ranked Ashe and Pasarell in one semifinal match.

The other will pit second-seeded Ralston and Bill Bond of USC against the No. 4 combo of Steve Reed and Dave Sanderlin of UCLA.

Ralston had the easiest time in Thursday's quarter-finals in eliminating Tim Parker of Rice 6-2, 6-2. But it took Ashe 26 games to oust USC's 10th-seeded Jerry Cromwell 11-9, 6-0.

Riessen mastered the two-handed game of sixth-seeded Bill Lenoir of Arizona 6-3, 6-2, and Pasarell had little trouble in defeating Bond 6-3, 6-2.

## Michigan Has Three Golfers In French Meet

DEAUVILLE, France (AP)—Defending champion Patrick Cross of France met Dr. Harry Latos of Warren, Mich., today in the first round of the French Amateur golf tourney.

Palmer cut a two-under-par 68 out of Congressional — the only player in the field of 150 of the world's best golfers to break par in the opening round. Only one golfer, obscure pro Bill Collins of Baltimore, matched par 70 over the 7,053-yard course, longest ever used for the Open.

All the others were over, including such as: Defending champion Julius Boros, who had 77, including two double bogey sixes on the bank nine.

Champagne Tony Lema, who came to the Open with the hot hand off two straight tour victories, and faded to a 71 after a fine 33 on the front nine.

Jack Nicklaus, the Ohio golden bear and co-favorite with Palmer, who bogied the last three holes for a 72.

Old Sam Snead, at 52 trying for the 24th consecutive time to capture the one big title that has always evaded him, who had a 77 that included four putts from 15 feet on one green.

So widespread was the toll extracted by the course that only 46 less than one-third of the field—broke 75.

And 31 were 80 or above, more than one-fifth of the field. After today, the field will be cut to the low 50 scores and ties—and the way things are going they may have to ask for volunteers.

Johnny Pott, Billy Casper,

threw a baffling change-up with two of three different speeds.

"Joe was in command," Siebert said. "This was probably his best game."

Shortly after the game, Markus signed with the Chicago Cubs for a nominal \$2,500 bonus, with Siebert's blessing.

Missouri won the NCAA in both its previous trips to the finals, 1956 and 1960. This was Missouri's fourth time in the finals and third runner-up finish, all under Coach Hi Simmons.

Missouri beat Minnesota 4-1 Monday, then the Gophers drew a bye into the finals and Missouri nipped Maine's giant killers, 2-1.

Missouri went into the tourney as the No. 1 team in the final poll of the nation's college coaches. The Tigers' pitching staff had an earned run average of 0.67 in the college world series. Missouri finished 27-5, Minnesota 31-12.

ARNOLD PALMER stretches his neck to check on his ball after blasting from a trap on the seventh green in Thursday's first round play of the National Open championship at Washington's Congressional Country Club. (AP Wire-photo)

## Palmer Takes Lead In Open

WASHINGTON (AP)—Arnold Palmer has 198 holes to go on the Grand Slam of golf.

That works out to 54 more holes of the U.S. Open here—18 today and 36 on Saturday—and 72 holes each at the British Open and the PGA. Palmer won the first leg, the Masters, in April.

The British Open is at St. Andrews next month. Palmer might just walk over there on the water. Hardly anyone who watched him trample the brooding, brutal Congressional Country Club course here Thursday would expect Palmer to sink if he undertook the tourney.

Palmer cut a two-under-par 68 out of Congressional — the only player in the field of 150 of the world's best golfers to break par in the opening round.

Only one golfer, obscure pro Bill Collins of Baltimore, matched par 70 over the 7,053-yard course, longest ever used for the Open.

All the others were over, including such as: Defending champion Julius Boros, who had 77, including two double bogey sixes on the bank nine.

Champagne Tony Lema, who came to the Open with the hot hand off two straight tour victories, and faded to a 71 after a fine 33 on the front nine.

Jack Nicklaus, the Ohio golden bear and co-favorite with Palmer, who bogied the last three holes for a 72.

Old Sam Snead, at 52 trying for the 24th consecutive time to capture the one big title that has always evaded him, who had a 77 that included four putts from 15 feet on one green.

So widespread was the toll extracted by the course that only 46 less than one-third of the field—broke 75.

And 31 were 80 or above, more than one-fifth of the field. After today, the field will be cut to the low 50 scores and ties—and the way things are going they may have to ask for volunteers.

Johnny Pott, Billy Casper,

threw a baffling change-up with two of three different speeds.

"Joe was in command," Siebert said. "This was probably his best game."

## Chisox Return To First Place

By The Associated Press

The rabbit ball and the flutterball have lifted the Chicago White Sox back into first place in the American League.

The lively rabbit ball was lofted out of Baltimore's huge Municipal Stadium Thursday night by two of Chicago's bunt-and-run specialists — Mike Hershberger and Al Weis—and provided the only runs in a 2-0 victory over the Orioles.

The deadly flutterball was lofted up to home plate by knuckleball specialist Hoyt Wilhelm, who probably has the most deceptive pitch and record in the majors.

Wilhelm came on in relief of Frank Kreutzer for the White Sox in the seventh inning, allowed only one hit and lowered his earned run average to 2.11. That, oddly, goes with an 0-4 record. The 40-year-old right-hander, however, has made 28 appearances and been in 17 winning games.

Baltimore starter Dave McNally gave up only four hits in seven innings, but Hershberger and Weis proved too much for him. Hershberger hit his first homer of the season in the fourth inning and Weis connected for his second in the sixth.

That was more than enough as the White Sox shoved the Orioles into second place, seven percentage points behind, while the New York Yankees closed to within one-half game of the top by downing Boston 6-3. In the only other AL game scheduled, Kansas City edged Detroit 3-2.

National League-leading Philadelphia belted the Chicago Cubs 6-3, St. Louis edged San

Francisco 7-6 and Pittsburgh crushed the New York Mets 10-0. The other clubs were not scheduled.

Elston Howard and Tom Tresh each drove in two runs for the Yankees while Rollie Sheldon went all the way for his first victory. Howard slammed a two-run triple off loser Jack Lamabe in a four-run, first-inning uprising, and Tresh wrapped up the New York scoring with a two-run homer in the seventh.

Ed Charles' leadoff homer in the ninth inning won it for the A's and handed the defeat to his former teammate, Ed Rakow. The Tigers had tied the score in the seventh on Bill Freehan's homer. Kansas City had capitalized on a dropped fly ball by Jake Wood for its other runs in the fourth inning.

## Even Money On TV Bout

NEW YORK (AP)—Bobo Olson, the 35-year-old former middleweight champion, who says he is fighting better than ever, was rated only even money against young Johnny Persol for their 10-round television bout at Madison Square Garden tonight.

Earlier in the week, the balding veteran from San Francisco had been a 9-5 choice over the 24-year-old New Yorker, a pro only 18 months.

On the basis of their recent performances, the ever-busy Bobo figures to have too much experience and skill for the comparative newcomer.

Persol, a decision victor over contender Eddie Cotton in piling up an all-winning record, was knocked out in the fourth round by Cotton in their return bout last March 13. He record is 11-1, including three knockouts.

Olson has an unbeaten streak of eight in his latest comeback campaign. He also has a good chance to get a title fight with light-heavyweight champion Willie Pastrano in San Francisco this October.

### Girls Softball

The Nurses edged State Bank 1-0 in the best played game of the season. Betty Thorsen was the winning pitcher, Carol Courneene the loser.

## Cardinals Edge Giants; Mays Misses Chance

By The Associated Press

It's the ninth inning and your team is down by a run with two men on. Who do you want as your hitter?

How about Willie Mays? Well, Alvin Dark had him Thursday night, but he'd have been better off with Julian Javier.

The Giants were trailing the Cardinals in just that situation with Willie at the plate in Thursday's 7-6 St. Louis victory.

Mays had slammed his 20th homer and two singles earlier but against Ron Taylor in the ninth, he struck out.

Javier, the Cardinal second baseman, did more damage than Mays, cracking a homer, double and single and driving in five of the Cardinal runs. It was a single-game St. Louis RBI high for the season.

The Cardinals, hard-pressed for runs during their recent road trip, battered Giant ace Juan Marichal for 11 hits and all their runs in the five innings he worked. It was Marichal's third loss in 11 decisions.

In other National League games, Pittsburgh belted New York 10-0 and the front-running Philadelphia Phillies dropped Chicago 6-3.

In the American League, Chicago regained first place, edg-

ing Baltimore 2-0, New York moved within a half-game of the lead, whipping Boston 6-3 and Kansas City nipped Detroit 3-2.

Ray Sadecki beat the Giants for the second straight time but needed late-inning help from Roger Craig, Mike Cuellar and Taylor. The loss dropped San Francisco a game back of Philadelphia.

The Phillies got two-run homers from Danny Catter and Johnny Callison as Chris Short won his fifth. Catter's first major league homer followed Richie Allen's infield single in the second and Callison's seventh of the season came with Cookie Rojas aboard an inning later.

Ron Santo belted two homers for the Cubs who lost their first series since May 21.

Vern Law won his fourth game in his last five decisions with a strong three-hitter against the Mets. He got all the runs he needed in the first three innings on homers by Donn Clendenon and Willie Stargell, the latter a two-run shot.

A 12-hit Pirate attack handed Al Jackson his seventh straight loss and ran the little lefty's season's mark to 3-10. It was the sixth straight setback for the Mets.

## Gophers Snatch College Crown

OMAHA, Neb. (AP)—"Dewey Markus is the guy—put it in his hands and it's done," Coach Dick Siebert said after his Minnesota club beat Missouri 5-1 for its third straight election-year NCAA baseball crown.

"I've never singled out one man before," Siebert said of his fiery junior second baseman. "But Dewey picked us up after that brutal Texas trip. After that I didn't know if we belonged in the Big Ten. He chewed out every man who booed a grounder in practice."

"He made those head-first slides, and soon every guy on the club was sliding head-first—even into home," Siebert said.

"You know, the kid is an inspiration—he's only 5-foot-7 and he had all those big guys following him around like lap dogs."

Joe Pollack, big junior right-hander, also drew high praise from Siebert for his four-hitter. He had a strong fast ball and

### Gridder Forms New Corporation

CLEVELAND (AP) — Formation of the Football Corporation of America, to arrange personal appearances, endorsements and related activities for members National Football League players, was announced Thursday.

Preston Carpenter of the Pittsburgh Steelers, an eight-year NFL veteran and president of the firm, made the announcement.

Carpenter said the company will be "of service to as many players as possible. We are not in business to produce additional income solely for the higher salaried stars."

Dutch Lingo Is Preserved

By RUSSELL LANDSTROM

HELLERTOWN, Pa. (AP)—For a language believed by some linguists to be dying out, Pennsylvania Dutch is showing extraordinary vigor.

One who scoffs at the idea that the dialect is doomed is Robert Hoppes, 72, a retired teacher and a prime mover in a crusade to perpetuate Pennsylvania Dutch in speech and in print.

Hoppes and his colleagues say it is necessary to get rid of some notions about the language that they say have been spawned chiefly by opportunists among those catering to tourists.

"Look The Window Out"

The Pennsylvania Dutch known to the public is largely an assortment of rustic dialogues, homely aphorisms and mixed up domestic instructions. Here are samples of what scholars call phony folk lingo, a mock mixture of Dutch-English:

"Look the window out and see who's coming the yard in."

"Pop's on the table still, and half it."

"The old ones is all (meaning gone, finished, the end) and the new ones ain't (meaning arrived) yet."

"We grow too soon old and too late schmart."

These are cited as true examples of the mating of the dialect with English in the Pennsylvania Dutch country:

"Outen the light." Outen is a word that does yeoman service. "He is wonderful sick." "Wonderful" is widely used in the sense of very, exceptional, etc.

"Make the door open."

"Eat your mouth empty once."

"I'll eat up and down," meaning on the run.

Hoppes, for 46 years a teacher athletic coach and school principal, is of Pennsylvania Dutch descent. All his formal education, including higher learning at Kutztown State, Muhlenberg and Moravian, has been close to Pennsylvania Dutch roots and traditions.

Dialect Widely Used

Hoppes is secretary of the Hellertown Chamber of Commerce, an officer of several Pennsylvania Dutch organizations, and active in the Pennsylvania Dutch Folklore Society.

The areas of the state heavily populated by the Pennsylvania Dutch are to no small degree bilingual, in somewhat the same way South Afrikaans, with its English and Afrikaans.

Pennsylvania Dutch is used in all forms of social communication. It is widespread in business and professional life. It is employed in church services. A grasp of the dialect and some familiarity with the background of the people who use it are needed for an appreciation of the extensive Pennsylvania Dutch writing that is part of the regular journalistic fare in many thousands of homes.

Some radio stations feature weekly Pennsylvania Dutch programs.

Although this state is the stronghold of the Pennsylvania Dutch, originally mostly immigrants from the Palatinate region of Germany, settlements were made also in New York, Delaware, Maryland, Virginia, North Carolina, Kentucky, Illinois, Michigan, Iowa, Wisconsin, Kansas, Ohio, Georgia, Indiana, Oklahoma, North Dakota and Canada, especially Ontario.

The nomad Tuaregs of the central and southern Sahara Desert are known as "blue men." The name derives from the indigo dye of their clothes which smudges off and stains their near-white skin.

Chips And Splinters

Contributions To Chips Welcomed

Chicago's American in a profile of an Escanaba boy who made good in the big city, says no one is to be surprised if Frank M. Whiston takes a few practice swings with a golf club during a lull in the proceedings of the Chicago Board of Education. He is the new president of the board.

Maybe he'll discuss the time he almost single-handed won a baseball pennant, suggests the American. Though his golf game is now in the 80s, he once classified as a "2 handicap," shooting in the 70s.

Whiston, interviewed in his apartment at 5555 N. Sheridan Rd., Chicago, is off the links temporarily because of a broken ankle suffered at the Brookwood Country Club in Addison where he went to sharpen his eye for a golf date the following day. "I wanted to be at my best," said Whiston, 68, who is president of a real estate management firm bearing his name at 55 E. Washington St. He missed his golf date because when he slung his golf bag over his shoulder he lost balance and fell, fracturing his ankle.

Whiston's devotion to athletics started in his native Escanaba when he pitched U. P. championship baseball at 16. He went to Chicago in 1919 after two years in army aviation intelligence work in Washington.

He joined a real estate firm and was assigned to handle the estate of Marshall Field, before and after Field's death. He was named manager of the Pittsfield Building, in which his firm is now located, in 1933, organized his own company in 1944 in partnership with his wife, Frances, and their sons, Robert, now 43, and Jerome, now 38. Mrs. Whiston has since retired and the boys are vice presidents.

Whiston's company bought the Pittsfield Building from the Chicago Museum of Natural history in 1961. His business and civic activities have forced him to resign "8 or 10 directorships of various corporations" in the last few years.

A member of the Chicago Board of Education since 1948, his new president said of Supt. Benjamin C. Willis, "I can disagree with him just as easily as I can agree. We've had some pretty good arguments in the past, but we get along."

KALAMAZOO (AP) — Circuit Judge Raymond W. Fox has ordered Larry Lee Ranes, 19, described by police as the admitted killer of five, to undergo psychiatric examination by Dr. Donald J. Carak of the University Medical School.

The examination was requested by defense attorney Eugene Fields who indicated the youth may plead insanity in the admitted killing of school teacher Gary Albert Smock of Plymouth in a Memorial Day hitch-hike slaying.

The Smock killing is the only one with which Ranes is charged, but police say he has admitted holdup-slayings also at Battle Creek, Elkhart, Ind., Las Vegas, Nev., and in Kentucky.

State police, meanwhile, today sought to learn whether Ranes is connected with a slaying last August of a filling station attendant at Erie, Pa. A bartender there reported Ranes' picture resembled that of a youth in the area about the time of the killing.

Killer To Get Mental Tests

KALAMAZOO (AP) — Circuit Judge Raymond W. Fox has ordered Larry Lee Ranes, 19, described by police as the admitted killer of five, to undergo psychiatric examination by Dr. Donald J. Carak of the University Medical School.

The examination was requested by defense attorney Eugene Fields who indicated the youth may plead insanity in the admitted killing of school teacher Gary Albert Smock of Plymouth in a Memorial Day hitch-hike slaying.

The Smock killing is the only one with which Ranes is charged, but police say he has admitted holdup-slayings also at Battle Creek, Elkhart, Ind., Las Vegas, Nev., and in Kentucky.

State police, meanwhile, today sought to learn whether Ranes is connected with a slaying last August of a filling station attendant at Erie, Pa. A bartender there reported Ranes' picture resembled that of a youth in the area about the time of the killing.

## Chase Kept On Service Board

Escanaba City Council meeting Thursday night, accepted the lowest of seven bids for street lighting equipment, subject to the approval of Electric Department Supt. William Van Effen.

Council reappointed Cecil Chase to serve 5-year term on the Civil Service Commission and approved a compensation plan for the city's new meter maid, who will be known as "Miss Hospitality", said City Clerk Don Guindon.

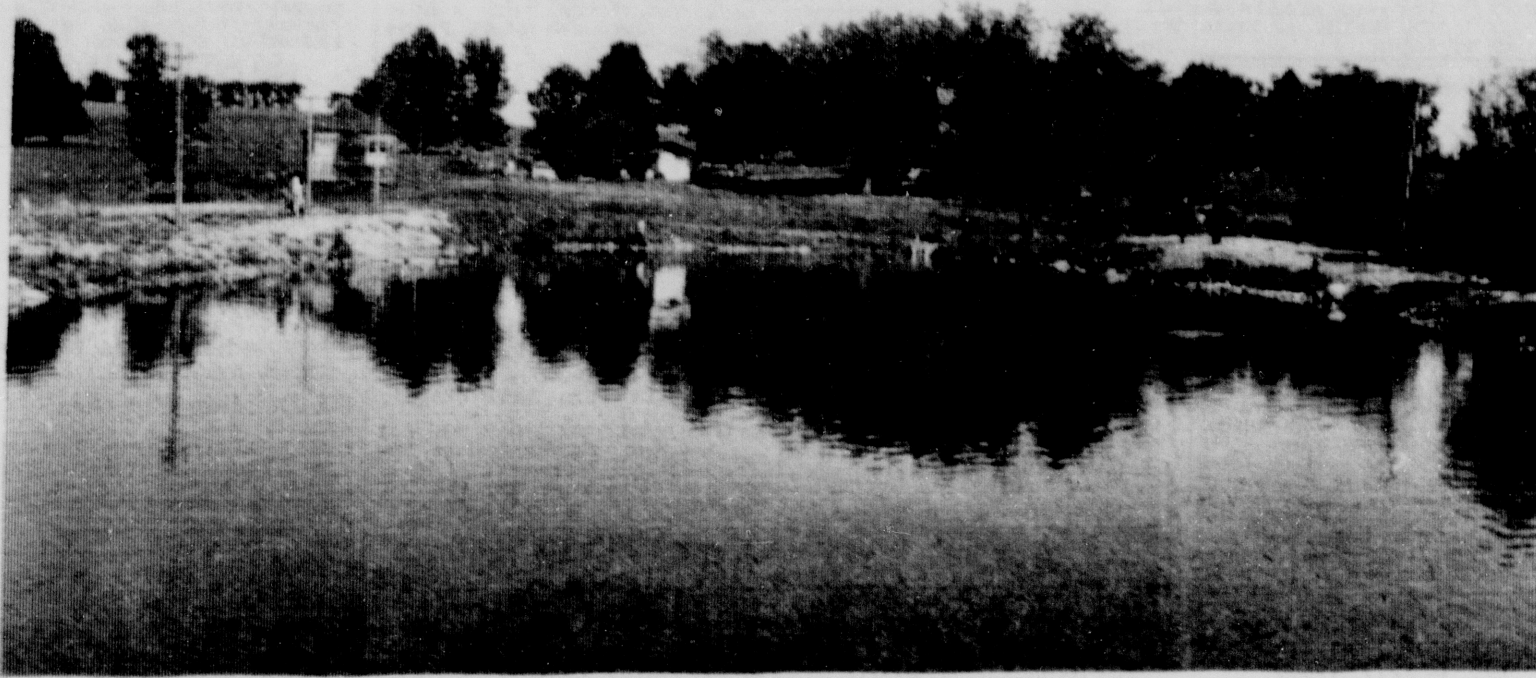

Several ordinances were given first readings and July 16 was set for public hearings and adoption. The ordinances were No. 441- an ordinance to vacate the alleys in blocks 24 and 29 in the Cady Land Co. Third Addition; 442- an ordinance to vacate the east 100 feet of alley in Block 11 of the origin plat, and 443- an ordinance to amend Ordinance 65, the zoning ordinance, which was referred to the Planning Commission to set a date for public hearing.

Council approved a request from the Aqua-Nuts Water Ski Club to stage a show Saturday, July 4, at the Municipal Dock.

Next Council meeting will be July 16.

## Nahma Board Reorganizes

NAHMA—The school board of the Nahma Township School held their reorganization meeting Monday evening at the school. Two new trustees were seated, Jacob Landis, Jr. and Wendell Sundling. The present list of officers was reappointed: Eugene Hartman, president; Mrs. Edith Henderson, secretary; Mrs. Madeline Turek treasurer.

## At 10 Cents An Inch

# Trout Pond Is Dream Of Fisherman's Luck

You could pass the greatest concentration of brook trout in the area without ever noting the pond, so modest is the sign beside Menominee County Road 388 between Hermansville and Faithorn that says "Cedar Spring Trout Pond."

The old farm on which the pond is located was cleared by Jerry Clifford many years ago. His son Jerry lives there now with his mother in a cottage under big trees. There is a big picnic table in their shade and you can look from the table down to the pond and see the trout breaking water, especially toward evening when they make it boil.

Jerry Clifford and his neighboring farmer friend, Snorre Holle, built the pool in 1961. It is bulldozed to a depth of 16 feet and it was constructed for obvious reasons. The location is near the bottom of a long hillside and there runs from a rock ledge at the top of the pond a heavy flow of springwater. It fills the pool and keeps it cold—54 to 60 degrees at the bottom and about 64 degrees on the top.

The pond was allowed to set

for a year and in 1963 Clifford and Holle stocked it with 1,800 brook trout from Art White's hatchery at Beaver, Wis., delivered by tank truck. The fish were 8 inches long. Some of them measure 14 inches now.

The pond is open to pay-to-fish fun now and it is a place for assured fisherman's luck. No one ever fails to catch fish and the only limit on the catch is the size of your purse. The fish are sold to the people who catch them for 10 cents an inch and that may sound modest, but a 14-incher isn't uncommon. It weighs a pound and it costs \$1.40.

There's no waiting, the trout cooperate anxiously, grab the hook and run with it and fight all the way up into the pail that the owners provide for their guests' fish. They're dressed and put in plastic bags, if the fisherman desires. He can bring his own fly rod or Clifford and Holle supply a bamboo pole, a short line, hook and angleworms. This combination fills a pail so quickly that it is inevitable that the visitor ask:

"Don't some people let their enthusiasm run away with them?"

"No," said Clifford, "people are used to self-serve supermarkets where they can take home anything they can pay for. The most we have ever had caught was two pailsful."

"Who did it? Rockefeller?" "No," said Clifford "it was two fellows from Carney. They just had a wonderful time catching trout and when they quit they had caught \$61.85 worth. There were two pailsful without any water in the pails. They sure went all-out."

"We never had anyone go away without fish." Asked if any visitors had fallen into the pond, Clifford said "I'm the only one. I fell in last winter."

He cuts a hole in the ice to feed the trout.

Clifford and Holle are planning start of construction in a few days on a second pond at the rear of the present pond and on a lower level. The terrain favors the structure and the overflow pipe from the first pond floods the area.

THIS IS THE trout pond of Clifford and Holle at Faithorn seen from the far edge and looking toward the Clifford cottage, under the trees in the center. The spring flow enters at mid-right where the light colored stakes show.

A GUEST HOOKS out a 12 inch brook trout, which curls and flips as it is lifted from the pond. In background Snorre Holle, left, and Jerry Clifford, right, stand on the edge of their pond and approve the young woman's fishing. (Daily Press Photos)

## June 21-27 Is Named National Recreation Week

Mayor George W. Rusch has proclaimed the week of June 21-27, National Recreation Week, and urged all citizens to participate in the healthful and stimulating benefits that may be derived in joining and supporting the many programs of recreation offered in the Escanaba area and in this wonderful North Country of Upper Michigan.

## Road Builders Meet at Blaney

The Upper Peninsula Road Builders meet June 23 and 24 at Blaney Park for their annual convention. Andrew Nesher of Luce County is program chairman.

## Leslie Dahlgren Infant Son Dies In Ann Arbor

Mark Earl Dahlgren, month-old son of Mr. and Mrs. Leslie Dahlgren, Bay View, died Thursday at the University of Michigan Hospital in Ann Arbor, where he had been a patient ten days. He was born in Escanaba May 19. His mother is the former Barbara Herbst.

Surviving, besides the parents, are four brothers, Gordon, Howard, James and Roy, and the grandparents, Mr. and Mrs. Earl Herbst, Escanaba Rte. 1, and Lars Herman Dahlgren, Bay View.

Friends may call at the Anderson Funeral Home after 9 a. m. Saturday and services will be held there at 11 a. m. The Rev. Erland Carlson of Christ the King Lutheran Church will officiate. Burial will be in Lakeview Cemetery.

## Lorna Cameron Escapes Injury In Accident

GLADSTONE — Lorna Lee Cameron of Gladstone escaped injuries Wednesday when she lost control of her car on a curve and rolled over.

Miss Cameron was traveling on M-95 one and a half miles south of Channing about 5:10 p.m. Wednesday when the mishap occurred. About \$200 damages were done to the vehicle. She was ticketed by the Iron Mountain State Police for violation of the basic speed law.

## Mrs. Hominger Injured In Fall

NAHMA — Mrs. William Hominger, who was severely injured in an auto accident a year ago last December, suffered a fall in her home this morning. Mrs. Hominger has been recuperating at home after spending 16 months in St. Mary's Hospital, Minneapolis and one month at St. Francis Hospital, Escanaba. She was returned to St. Francis Hospital this morning by ambulance. Mrs. Norman Eplette, Ironwood has been visiting at the Hominger home, and taking care of her sister.

Cavemen plaited grass around the ankle or wrist of the object of their affection to mark their bride-to-be.

## Weather Phone Gets More Lip

The U. S. Weather bureau will add weather forecasts to the information in its phone reports at its Escanaba Weather Station. The station has been closed since last September but persons can telephone ST6-0213 and get weather information by recording.

This recorded information will be increased about July 1, report the offices of U. S. Senators Philip A. Hart and Patrick McNamara and Congressman Victor A. Knox to include telephone forecasts available from 7 a. m. to midnight daily.

The recording will report wind velocity, barometric pressure, temperature, humidity and other information.

Local readings and the local forecast will be updated at 6 hour intervals at first and later the Weather Bureau is expected to update them at 3 hour intervals.

Knox said that his discussions with Weather Bureau officials revealed that it pays \$1 an observation daytime and \$1.50 an observation night times to high school boys in Escanaba who relay the data from the meteorological instruments in the Escanaba station to a processing point.

Escanaba has been without any Weather Bureau service except the playback of these observations since it closed the Escanaba station last September after 93 years of service here. The Weather Bureau has told Michigan senators and congressmen inquiring about the situation that it has closed 20 stations like Escanaba's in an economy drive.

Some Weather Bureau workers have expressed belief that the Bureau now is spending substantially the cost of staffing the station on a modest basis in its present arrangements and they provide only a fraction of the former standard of service.

Knox said that he had pledged that if congressional action wrote any orders to the Weather Bureau to reopen closed stations, Escanaba's would be included.

Senator Proxmire (D-Wis.) announced recently that his protest had caused Weather Bureau reconsideration of closing of the LaCrosse, Wis., Weather Station, but the

Weather Bureau told Michigan senators and congressmen who inquired that it had not ordered the closing of LaCrosse yet.

The Weather Bureau action is in keeping with a federal trend to support large city services. The weather stations are closed, their observations are sent in to big city collection points and TV stations relay them back to the local communities, in a process that soon affects shopping and other communication and travel habits.

The Escanaba Chamber of Commerce has authorized a petition campaign of protest against the closing of the Escanaba Weather Station and requesting its reopening.

## Soo Questioned On Diversion Of C&NW Hauls

Cross examination of a Soo Line Railroad Co. witness was continued Wednesday at the Interstate Commerce Commission hearing on a Soo Line application in Marquette.

The Soo Line is asking for approval of a joint trackage rights agreement with the Lake Superior & Ishpeming Railroad. The Soo wants to operate on LS&I's line from Marquette to Eben.

Only witness Wednesday was Roger Wright, Minneapolis, Soo Line assistant superintendent of transportation.

Wright was cross-examined by John C. Danielson of Chicago, attorney for the Chicago & North Western Railway concerning Soo Line scheduling and railroad service which would occur if the joint trackage rights application were approved by the ICC.

If the ICC allows the Soo to operate on the LS&I line to Eben, the Soo would have a shorter route from Marquette to Chicago.

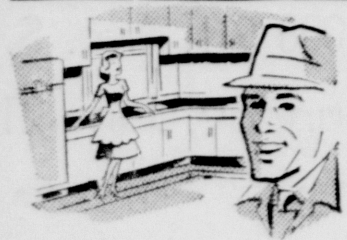

Railroads opposing the Soo's application contend that it can't benefit by the use of the Eben line except at their expense.

The cities of Marquette, Escanaba and Manistique and the Marquette County Board of Supervisors, also opposing the application, say that the proposal would reduce rail services and employment in the U.P.
